DREAM IT, PLAN IT, BUILD IT.

DIGITAL TOOLS FOR WINDOWS, DOORS AND CURTAIN WALLS

LOGIKAL

FOR TOMORROW'S MANUFACTURING

Logikal is the industry's number one software for an easy digitisation of your windows, doors and curtain wall production. You can also increase your quality and productivity at the same time.

"

We are always one step ahead of our competitors. This is down to Logikal.

"

Oliver Windeck,
CEO Metallbau Windeck

First-class industry expertise:
We are developing our products in close cooperation with our customers for over 20 years now.

YOUR LOGIKAL BENEFITS

✓ **ALL BUSINESSES**
From family business to industrial medium-sized business – more than 18,000 people worldwide use Logikal.

✓ **EXPAND FEATURES AS NEEDED**
Expand features and interfaces to meet your individual needs.

✓ **PITCH FASTER AND MORE FLEXIBLY**
Profiles, fittings and accessories from more than 700 suppliers in one software.

✓ **FUTURE-PROOF**
Benefit from the advantages of digitisation with features such as the BIM module or the link to other planning and engineering software.

✓ **FIRST-CLASS SUPPORT**
Easy to use, straightforwad support. We are there for you – from installation and through all steps of your project.
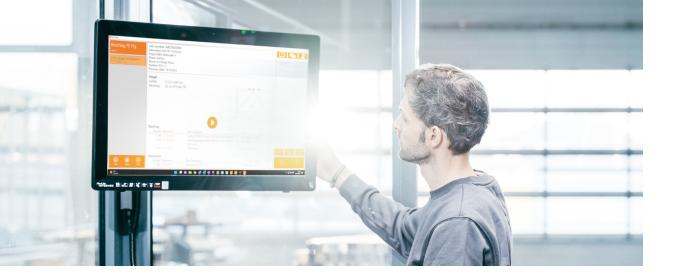

✓ **FLEXIBLE CONTRACT DESIGN**
Only book the modules you need.

✓ **LINK TO YOUR SYSTEMS**
A real-time interface enables automatic adoption of all changes in your ERP or CAD software.

✓ **ARRIVING IN THE BIM AGE**
The interface to the building's 3D-model ensures ideal networking of the trades.

LOGIKAL MES

THE CONTROL CENTRE FOR THE DIGITISED SHOP FLOOR

The Logikal MES manufacturing control system optimises your work and production processes. It provides you with an encompassing overview of every single production step and allows you to react flexibly to deviations from the plan at any time. No more paper trails, as production controls take care of themselves.

✓ **INTEGRATED FPC**
Manually maintaining records of factory production control (FPC) and time-consuming CE data are a thing of the past.

✓ **SIMPLE CONTROL**
All relevant information is at the right workstation at the right time.

✓ **ENHANCED PRODUCTIVITY**
All production data is digitally and seamlessly transferred to production information terminals.

✓ **FULL TRANSPARENCY**
Always be up to date on the status of the orders. Errors, proposed solutions and changes are communicated directly.

ORGADATA

SIMPLYTAG

TURN DATA INTO YOUR ASSISTANCE

Planning and producing windows, doors and curtain walls with Logikal enables you to process huge amounts of data easily. With SimplyTag your data will be readily accessible on the element itself. Every window, door and curtain wall will carry all necessary information about its own components and will be accessible to you quickly and conveniently via a QR code.

✓ **ONE QR CODE, ALL INFORMATION**
The small QR code attached to the element contains all relevant data.

✓ **CE-MARKING**
Obligatory accompanying documents of your element are delivered digitally and legally compliant. No more slips of paper, no more thick folders – sustainable and cost-efficient.

✓ **FOCUS ON CUSTOMER LOYALTY**
You will have all relevant information always at hand. This will generate trust and follow-up orders.

✓ **COMFORTABLY PAPERLESS**
Documents which are not legally required – such as installation drawings, maintenance letters or cable diagrams – are all digitally generated and archived as well.

ABOUT US

We are driving the window, door and wall industry forward with innovative, digital solutions.

PARTNERSHIP

Our team works in close cooperation with the entire international window, door and curtain wall industry – with manufacturers, suppliers and customers alike. This bond makes us stronger together – and Orgadata a trusted consultant and enabler.

INNOVATION

As innovation leaders the team at Orgadata sets new standards for the digitisation of the window, door and curtain wall industry. We are constantly refining and advancing our software and services – with forwardlooking ideas for the sustainable success of our customers.

QUALITY

Reaching „The Next Level" with German Engineering: Thanks to over 20 years of industry expertise, we know exactly what matters – experience, competence and all-out quality. The simple fact that we live up to this commitment day after day makes us the industry leader we are.
