

ALCO PRODUCTS BROCHURE

We make Your Dreams come true !

Introduction

We, Aluminium & Allied Centre (Tvla), is proud to be the first ISO 9001 certified Aluminium shop, a dignified constituent of the Thomson Group having 40 years of pioneering experience. We are established in the brand name 'ALCO', the biggest manufacturer of Aluminium Doors, Ladders & Various Shades of Wood Finished Profiles. Aluminium & Allied Centre (Tvla) is synonymous name with Quality, Dependability and Durability in the Industrial market. Our business is steered by Mr. Bijoy Jacob Thomas, who is renowned for his experience and expertise in the Industry for over 40 years. We are glad to be the pioneers and the professional leaders in the world of Aluminium to introduce a wide variety of profile coating, which is mostly welcomed by the Industry and our well-wishers.

OUR QUALITY POLICY

Delivering high quality products and services that meet our customer specifications and schedules at most economical rates.

- Timely delivery of products.
- Honouring commitments top down.
- Innovativeness and continual improvement of our processes and products with the total involvement of people at all level.

Alco Aluminium Sheet

Aluminium sheet is characteristically manufactured to be very thin and light weight. A range of additional coatings applied to aluminium sheets can help create a long-lasting material for use in outdoor settings or other challenging environments, such as for exterior cladding. Surface dimensions and thickness are the primary factors to consider

Alco Wood Finished Aluminium Profiles

The wood grain finish on the aluminium profiles is a highly durable product that is easy to clean and does not require any maintenance as on the solid wood. It is highly resistant to the atmospheric conditions and therefore, very suitable for indoor and outdoor residential and commercial building applications.
