# OUR INFRASTRUCTURE

- 2 coating Machines
- 3 Winding Machines
- 3 Cutting Machines
- 1 Sealing Machine
- 1 Printing Machine (3 colors)
- 1 Die cutting Machine

## OUR INFRASTRUCTURE

State of the art manufacturing facility with well maintained machinery

Approximate production of 7lakh meters per month

Skilled workforce operating machinery

Strict adherence to quality control

## OUR IN HOUSE TESTING LABORATORY

## OUR DEDICATED WORKFORCE

## OUR USP (UNIQUE SELLING PROPOSITION)

- Strong Team consists of techno crafts, researchers, designers and other staff members who work hand in hand to deliver all the products in the least possible lead time.
- Our Aim is Total Customer satisfaction and Long Term business Association
- Quality Assurance of all products manufactured by constant monitoring of manufacturing process and strict adherence to quality control.
- Assortment of Products include masking tapes, double sided tapes tissue/foam, surface protection tapes, electrical tapes, mounting tapes, lamination films, bag sealing tapes, packaging tapes, foil tapes, PVC warning tape, double side foam tape and cloth tape.
- State of the art Manufacturing Unit equipped with latest technology machinery & spaced out in 35000 square feet area.
- Spacious & well maintained Warehouse & strong Transportation network.
- 24 X 7 Customer Support.

## WHY US?

Our global approach  
Branded Quality products  
delivered Competitive price  
Unique designs  
Long staying  
adhesive Customer  
Satisfaction

# TYPE OF TAPES AND ADHESIVES

Our Tapes are made of

Paper  
Film  
Foam  
Cloth  
Foil

We use different  
types of adhesives

Acrylic Adhesive  
Rubber Adhesive
