

Color Your Imaginations

About us

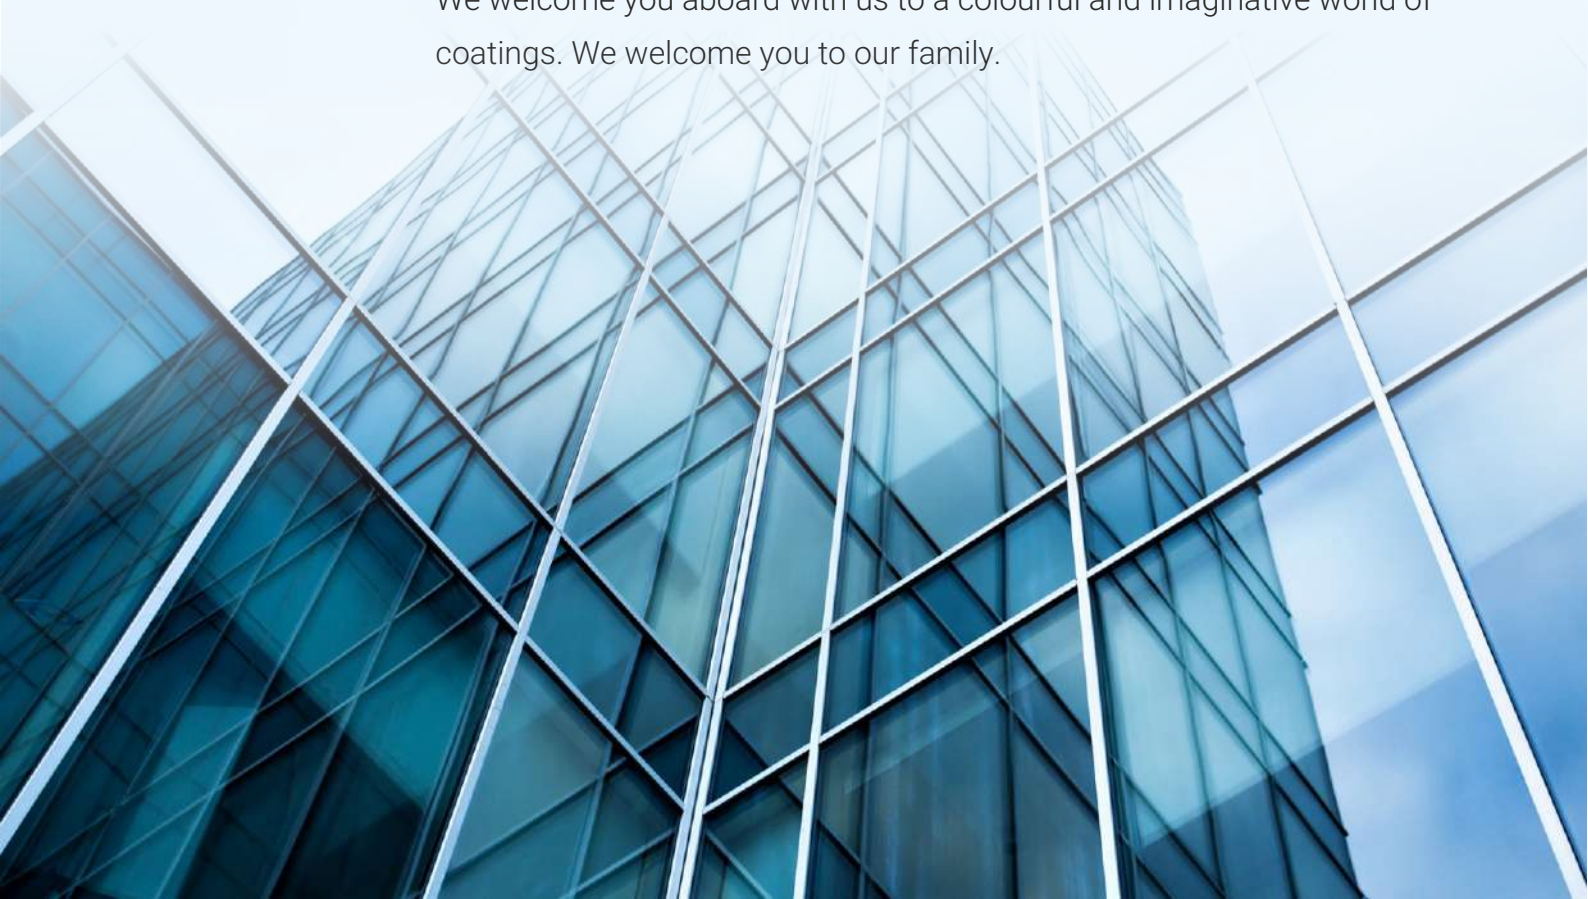

With a passion for commitment, integrity, quality, speed and innovations, JK Group is soaring new heights day by day. Today JK Group stands in the midst of epochal transformation and is expanding with a rapid pace.

With the same zeal and agility set by our chief mentor **Mr. Nemchand Gala** in 1980, the group is expanding its horizons in the world of Coatings.

We direct our passion for Coating and Anodising towards offering world-class qualitative service, with the best value to cost equation to our esteemed customers.

We back our process with a 200+ workforce of dedicated professionals, collectively commanding decades of industry experience and expertise. This expertise extends far beyond production matters and goes to the core of our relationship with our customers.

We welcome you aboard with us to a colourful and imaginative world of coatings. We welcome you to our family.

Leadership

Continuous investment in latest technologies with propensity for innovation has allowed us to respond effectively towards the diverse requirements of an ever expanding Indian economy.

Since more than a decade, we have been leaders in PVDF Coatings in the country. Using **PVDF Coatings from AkzoNobel and PPG Asian Paints** gives us an edge as they are the world leaders in Coating and Paint industry.

Since the inception of **Wood Finish Natural Coating** in 2007, we have been pioneers and have participated in its development in India.

This experience allowed us to master the process and have been using **Decoral Systems**, an Italian leaders since 1973, having presence in 98 countries across the globe.

We can reproduce the natural grain of different types of wood veining on any kind of metal surfaces.

This enables us to achieve a simultaneous combination of a strong protective Coating along with innovative decoration.

Milestones

43+ years of passion for innovative Coatings...

1980 - Evershine Industries, Marol, Commercial Anodising.

1987 - JK Industries, Sakinaka, Powder Coating.

1989 - Rapid Industries, Sakinaka, Powder Coating.

1994 - Evershine Industries, Daman, Anodising and Powder Coating.

1997 - Royal Industries and Accord Industries, Vasai, Powder Coating.

2000 - JK Anodising Works, Goregaon, Anodising and Powder Coating.

2003 - JK Coating Centre, Navi Mumbai, Anodising and Powder Coating.

2005 - Approved by JOTUN for Powder Coating Application.

2006 - Mr. Nemchand Gala elected as the President of
Indian Anodising Association.

2007 - JK Architectural Coatings, Navi Mumbai, Wood Finish Coating
from DECORAL, Italy.

2008 - Approved by AKZO NOBEL INDIA for Powder Coating Application.

2010 - JK Architectural Coatings, Ambernath, introduced PVDF Coating.

2011 - Approved by AKZO NOBEL INDIA for PVDF Coating Application.

2012 - Approved by PPG ASIAN PAINTS INDUSTRIES for PVDF Coating
Application

2015 - Approved Applicator for ARMSTRONG WORLD INDUSTRIES.

2016 - Approved Applicator for SCHUECO & REYNAERS Aluminium Pvt Ltd.

2018 - JK Coating Centre, Goregaon, Wood Finish and Powder Coating.

2020 - JK Coating Centre, Hyderabad, Anodising, Powder Coating, PVDF
and Wood Finish Coating.

2021 - JK group started M K International as exclusive All-India Dealership
for DECORAL, SUBLIK and GI COLOR Products and Plants.

2023 - First Authorised Distributors of TOTALIS - Window Systems by
HINDALCO

Advantage JK

Color Your Imaginations

Unlimited Applications...

Be it a window or a door, facades or cladding, extrusion or sheets, metal furniture or any other products, JK Group is one stop solution to lend a touch of world-class finishes for your metal surfaces.

Quality Control...

A reputation for unmatched quality has been built due to stringent QMS and in-house lab facilities with high-tech testing equipment in accordance with **QUALICOAT** and **AAMA** specifications.

Government test certificate can also be issued.

Warranted Coatings...

Approved applicator for highly durable Coatings from DECORAL, GI-COLOR, AKZONOBEL, PPG ASIAN PAINTS, PULVER and JOTUN Powder Coating with Coating warranties ranging from 10 to 30 years.

Wide Network...

JK group is equipped with various facility centres across the country with state-of-the-art plants inline with international standards.

PVDF

Services: PVDF

Spray PVDF Coating from AKZO NOBEL and PPG ASIAN PAINTS, is coated on extruded aluminium sections for aesthetics and protection. This is ideally used in exterior architectural facade elements, window sections on multi-storey infrastructure projects with an estimated lifespan of 40-50 years.

It is the most exterior durable technology available in the world conforming and exceeding **AAMA 2605-02** voluntary specifications.

Unique scratch resistant spray TRINAR with a 4H pencil hardness offering superior abrasion resistant to coated extruded aluminium section on facade glazing.

There are no loss of adhesion on dry cross hatch adhesion, wet cross hatch adhesion @ 5 minutes and boiling water cross hatch adhesion @ 20 minutes.

Today PVDF Coating is protecting Marine, Naval Vessels, Oil Refineries, Oil and Gas Rigs, Power Generation Sector, Aerospace (Airbus, Boeing), AirPorts, State-of-the-Art Building Facades, etc.

We can easily cater to volume requirements with quick responses and time bound deliveries.

PVDF is the ultimate choice whose quality is unmatched.

WOOD FINISH COATING

Services: WOOD FINISH COATING

Wood Finish Coating is a decorative system on the entire perimeter of the profile and rolled sections of metal of any shape and size. These Coatings are chemically and mechanically resistant offering a guarantee of durability. Since they have natural appearance keeping both colour and brilliance almost unaltered, with the consequent valorisation of the final product.

We have state-of-the-art automatic plant from Italy having a capacity of more than 300 tonnes per month. **Our plants can coat extrusions upto 7 m in length and sheets, grills upto 1.5 m in breadth.**

Wood Finish Coating can be used to express creativity on exterior and interior architectural metal components;

Following are a few applications:

Doors and windows	Cycles and bikes
Metal floors and ceilings	Ladders
Modular furniture	AC grills
Wall claddings	Fire doors
Curtain walls	Hardware
Signages	Garden benches
Kitchen cabinets	Grills and gates
Shower cubicles	Display racks and stands
Domestic appliances	Computer cabinets
Photo frames	Elevators
Tables and chairs	Light fittings
Louvers	Railings

POWDER COATING

Services: POWDER COATING

For Powder Coating, we have fully automatic conveyerised plants in compliance with international norms, such as **AAMA** and **QUALICOAT**. Spraying is done through robotic reciprocators for uniform Coating thickness. Automatic hot pre-treatment with a DM rinse provides a better base for coatings and rules out any chance of fading, peeling or corrosion.

We can coat extrusions and sheets upto 7 m long and 1.5 m wide.

We have a production capacity of 300 tonnes per month.

We offer all types of RAL and customised color shades with a wide spectrum of textures and metallic finishes.

ANODISING

Services: ANODISING

Color Your Imaginations

In Anodising, we offer a variety of electro colour shades, ranging from Champagne to Black in Matt, Glossy and Brush Finishes along with Natural Silver Anodising from 15 to 30 microns.

Huge tank size enables us to Anodise aluminium extrusions and sections, sheets and grills upto 7 m long & 1.2 m wide.

We have a production capacity of more than 200 tonnes per month.
