### WHY CHOOSE AN ILLUMINATED MIRROR?

Those who possess one understand its value and would not revert to using a standard mirror without lighting. With the light seamlessly incorporated into the mirror, users benefit from a shadow-free reflection, as the light is aimed directly at them. Say goodbye to the hassle of figuring out where to place pricey light fixtures in your bathroom or salon. A Good Living Mirror with built-in lighting ensures the ideal illumination every time you gaze into it.
