WHERE VISION
MEETS INNOVATION

ABOUT US

We at H LINE offer the best quality
System Windows & doors, Façade, Partition, Railing & Louvers.

With 1,00,000 sq.ft. Manufacturing Facility & In-House Powder Coating Based
at Surat, Gujarat, we are equipped with the industry's most advanced
technology with high capacity machining equipment.

Since 2007 We have manufactured numerous types of façade,
windows, doors systems and therefore, we understand what quality
needs to be performed & look like onsite. H LINE possesses 15+ years
of outstanding consistency, durability, and quality.

H-LINE has an adaptable system with exceptionally slim sections,
excellent performance and a high quality finish. Every individual
window or door is a customized product, tailored to your precise
specification and needs, every part of the range delivers on the
H-LINE Promise.

We provide the best consultancy in the selection, design, structure as
well as type of opening of windows and doors systems. We are popular
with strong commitment, best quality product and prompt after sales
service in the market of Aluminum System Windows and Façade.

OUR VISION

- ✦ Our Vision is to continuously strive for excellence by enhancing quality, crafting exceptional designs, & building strong, lasting relationships with our clients.
- ✦ Every client and team member is valued & integral to our success. We prioritize business ethics & teamwork, ensuring they remain at the core of everything we do.
- ✦ Sustainability is a key focus in our processes & management. We take responsibility for our social, economic, and environmental impact, committing to a better future for all.
- ✦ Excellence is not a destination; it's a journey we take together—crafting quality, fostering relationships, & shaping a sustainable future with integrity at our core.

At H-LINE, our ISO 9001:2015 certification reflects our dedication to maintaining the highest standards in product quality, manufacturing processes, and customer service. We follow globally recognized quality management principles to ensure innovation, reliability, and excellence in every solution we deliver from windows and doors to façades, fins, and louvers

OUR MISSION

We aim to be a world-class provider of innovative windows & doors, façades, partitions, and railings, delivering top-notch quality, exceptional designs, and a refined aesthetic.

H-Line products redefine everyday living with unmatched quality and innovation—essential for every modern home!

WHY CHOOSE H-LINE?

Innovative, Secure, & Stylish Window & Door Solutions.

Customized Design Solutions

We specialize in crafting windows and doors tailored to your needs, ensuring the perfect fit for your space.

Cost-Efficient & Value-Enhancing

Our products are designed to be affordable while significantly increasing your property's value.

Guaranteed Durability

Built to last, our windows and doors come with a written warranty, giving you complete peace of mind.

Premium Hardware & Accessories

Engineered for optimal performance, our hardware is rigorously tested for strength and longevity.

Enhanced Security

High-quality materials and advanced locking systems provide superior protection for your home or business.

Minimal Sightlines, Maximum Aesthetics

Our sleek aluminum systems feature ultra-slim profiles for a modern and elegant look.

Effortless Operation

Designed for smooth and hassle-free use, eliminating unnecessary noise and ensuring a peaceful environment.

Superior Sound Insulation

Our specialized glass configurations effectively reduce noise, creating a quieter indoor space.

ADVANTAGES OF ALUMINUM WINDOWS

Stay Comfortable with Thermal & Sound Insulation

Enjoy a cozy home all year round. Our windows and doors provide excellent insulation, keeping the heat out in summer and the cold away in winter. Plus, with acoustical glass, say goodbye to outside noise and hello to peace and quiet.

Designed to Match Your Style

No matter your taste—sleek and modern or rustic and classic—we've got a design that fits perfectly. With a variety of shapes, styles, and finishes, you're sure to find the perfect match for your home.

Built for Safety & Fire Protection

Your safety comes first. Our windows and doors are made from strong, non-flammable materials that integrate with the latest safety technologies, offering you peace of mind.

Hassle-Free Maintenance

Forget about repainting or tedious upkeep. Our low-maintenance windows and doors only need an occasional wipe-down with soapy water to stay looking brand new.

Expert Installation for a Perfect Fit

A great product deserves a flawless installation. Our skilled professionals ensure everything is fitted precisely, so you enjoy smooth operation and long-lasting performance. Upgrade your home with windows and doors that offer beauty, comfort, and security—all in one.

HL IMPERIAL
SLIM SYSTEM

HL IMPERIAL SLIM SYSTEM

The Zenith of Design: Imperial Slim Sliding Windows with Invisible Frames

Step into a realm of unparalleled luxury and architectural marvel with HL Imperial Slim Sliding Windows. Conceived for the most discerning connoisseurs of design and the most opulent properties, this system redefines the very essence of panoramic living. HL 2560

PARTITION SYSTEM

HL 2560 PARTITION SYSTEM

H LINE offers a wide variety of systems for the partitioning of interior spaces, ideal for offices, meeting rooms, banquet halls, etc.

Our system has minimal design and effective separation of interior spaces with high levels of sound insulation and aesthetics. The partitioning systems are available in standard and slim version, double or single glazed as well as in various typologies, providing complex applications and are compatible with glazed, aluminium/wood panels, etc. Our minimal partition system has sleek snap-fit sections, enabling easy assembly or change of glass, without creating any chasing in the floor or ceiling. It can be removed and re-installed at any other location without too much wastage. With our experience, H-LINE strives to design products which have a purpose and deliver exceptional results. Having in-house R & D team, all products are aesthetically designed and are technically acceptable, to turn your dreams into reality. We always want to facilitate the successful completion with timely execution of projects.

Sliding Folding System

Upgrade Your Space with the HL Bifold Sliding Folding System.

Bring a perfect balance of style, security, and smooth functionality to your interiors with the advanced HL Bifold Sliding Folding System.

Crafted with premium stainless-steel rollers, multi-point locking, and anti-burglary hinges, this system delivers effortless operation, long-lasting durability, and superior protection.

Whether for your home, office, or commercial space, the HL Sliding Folding System adds a modern, elegant touch while ensuring strength and performance that lasts.

- ✓ Smooth Sliding
- ✓ Robust Security
- ✓ Premium Durability

Specifications

- Shutter Width : 500-900 mm
- Shutter Height : 1,900-3,500 mm
- Frame Width : 80 mm
- Frame Height : 50 mm
- Load-bearing : ≤ 120 kg

Why Choose HL Bifold Sliding Folding System?

When it comes to combining modern design, advanced security, & smooth functionality, the HL Bifold Sliding Folding System stands out as the perfect choice.

Here's why

Effortless Operation

Premium stainless-steel rollers ensure smooth, quiet, and easy sliding, even with heavy loads.

Unmatched Security

Equipped with a multi-point lock body, shootbolt configuration, and anti-burglary hinge design for maximum protection.

Durability That Lasts

Built with wear-resistant materials, offering high load-bearing capacity and long service life.

Perfect Sealing

Small sealing strips ensure tight closure, keeping interiors safe, energy-efficient, and dust-free.

Modern Aesthetics

Sleek design adds elegance to any space—whether it's a luxury home, office, or commercial property.

Smart Engineering

Adjustable and fixed hinge options eliminate common installation issues like sash droop or over-adjustment.

A system built for strength, style, and long-term performance.
