ABOUT US

N M is an organisation aiming to be a benchmark in the field of Aluminium Solutions.

We are on a relentless mission to provide Aluminium solutions in the field of Solar industry, automation, automobile, furniture, AHUs, White rooms, Aluminium agriculture profiles, Architectural fields, facade system, office partitions, Aluminium fencing and many more.

We have been serving customers from all over India for a decade. We also boast of having a foothold and presence in the European and US markets.

We have facilities for **Extrusion, Fabrication, Anodizing, Chemical bright, Aluminium MIG Welding, Aluminum profile bending, Powder Coating, and Automobile level Liquid spray Painting.**

We are never satisfied with "**GOOD ENOUGH**", we are striving for "**PERFECTION**". We believe in adding value to the customers' needs rather than just meeting the demand.

Our success speaks volumes for deliverables and we have scaled heights from a humble anodizing plant to an aluminium extrusion company. This journey was only possible because of our determination to deliver the best and the love and trust of our customers.

I request you to give us an exciting opportunity to serve you. Rest assured, you will be left smiling.

Regards

Sumit Lodha

Why choose us ?

- Extrusion, Anodizing, Fabrication and machining, Liquid Spray painting all under one company.
- Huge range of finishes of anodizing like CP, rose gold, grey and sand blast.
- 5s culture and teamwork.
- Work as per consumer's perceived user value (PUVs)
- ISO certified
- Approved vendor for TATA and many other big names.
- Customer first attitude.
- Highly equipped company with in house facilities for testing and measuring equipments.
- We don't cost earth.
- More focused and more easy to work.

VISION, MISSION, AND CORE VALUES

VISION

To be benchmarked company in field of Aluminium solutions in the eyes of our customers, suppliers, employees and communities to achieve a sales revenue of 100 crore by 2026.

MISSION

To provide the best Aluminium solutions by increasing the aesthetics of aluminium surface, following the best industrial environmental friendly practices and ensuring the product passes through rigid QA tests.

CORE VALUES

We build trust in our relationships which help us to achieve our vision.

OUR PRODUCTS

■ FABRICATION FOR READY SOLUTION

With a view to make work smooth we have our own fabrication plant which can deliver components for direct use of the Customer. A simple effective fabrication shop having multi head drilling machines, cnc and vmc operations, bending and Punching on profiles and auto feed cutting machine of top make from germany to give the best precision and quality work. Vmc and cnc operations can be performed to give more bandwidth in solutions.

Liquid Paint Shop ■

Life and aesthetic durability of spray painting is much higher than powder coating. To give a seamless and dust free aesthetics we have paint operations in a close and controlled environment. Critical auto parts having class 1A finish are executed with ease.

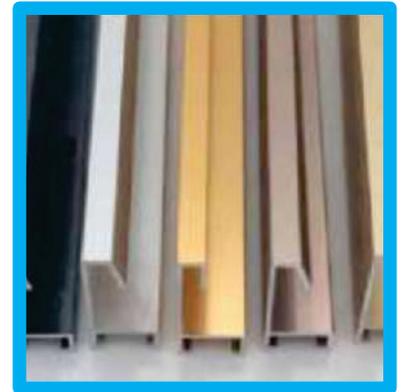

OUR PRODUCTS

■ Anodizing

To improve the aesthetics and life of the metal anodizing is the best solution. And to get the best in anodizing we are the best one to do so.

Apart from natural blasting and electro - colour finishes we have CP finish, Rose gold, Golden Finish, Grey finishes to make your product more attractive.

Aluminium Welding ■

To weld our relations better we have introduced a welding facility for aluminium. We can do MIG type of welding and serve the purpose.

OUR PRODUCTS

■ Aluminum profile bending

We can facilitate your requirement for bending aluminum profiles. Profiles with good thickness can be bent.

Aluminium Extrusion Facility ■

With backward integration starting from a small anodizing plant now we are equipped with our own Extrusion facility to cater to the needs of the country and reduce dependency on China for quality products.

■ Kitchen Profiles

We have a vast range for sections required in daily kitchen setup. These are available in different finishes and with the best aesthetics.

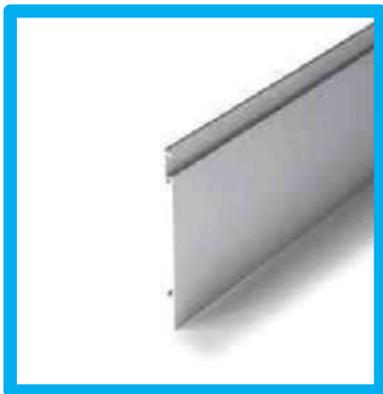

OUR PRODUCTS

■ Façade and Building Industry and infrastructure

Still 70% of aluminium used goes in this segment. We are happy to serve customer in this segment which provides dream homes to many people and make their sleep peaceful. Windows doors and many more.

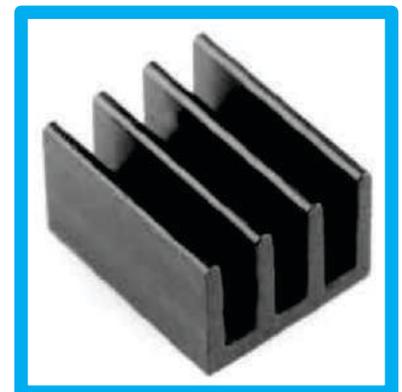

Many co-operate offices are under our belt. We are proud that we understand this segment much better. Aesthetics play big role here as its responsible of creating the aura. By delivering good finishes we are helping them to be more productive and develop our economy and eradicate poverty. We have big names like We-Work, Co spaces, tetra Pack, Honey well automation, Cummins India, Bank of Baroda and many more like them.

Office Partitions ■

■ Led, Heat Sinks, Electrical & electronics

The heading is self-explanatory. We are helping in lightning people lives by providing good quality aluminium used in LED, circuit boards of PC, televisions, communications & many more.

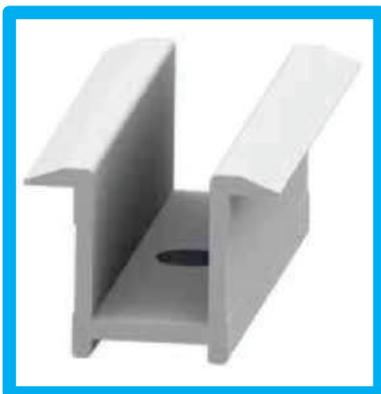

OUR PRODUCTS

■ Fencing Profile

Have the biggest section library, you name the size and we are bang on. From 20 -20 profile to 90-90 profile or even 40-120 profile can be supplied duly anodized upto 6000mm length.

Solar Profiles ■

From last 10 years we are successfully serving this segment. From 17mm to 42mm photo voltaic profiles, from corner key to roof top fabricated aluminium accessories you name it we have it. Let's go green with N M Coating Aluminium.

■ Customisation and other

Apart from the above list the products are huge like flat bars, transport sections, Industrial section, defence, canopy etc. We can study and deliver any design customer wants in accord to our limitations which we all have.

OUR PRODUCTS

■ Consumer products

With FMCG market growing, we are here to their ever-changing demands from cloth drying system to racks to show room accessories we have a box which can suffice their all need. You can feel the touch of N M coating in many consumer products.

Display and Air Filter Profiles ■

Photo frame profiles, display profiles, AHU profiles, Air filter profiles we can deliver the best.

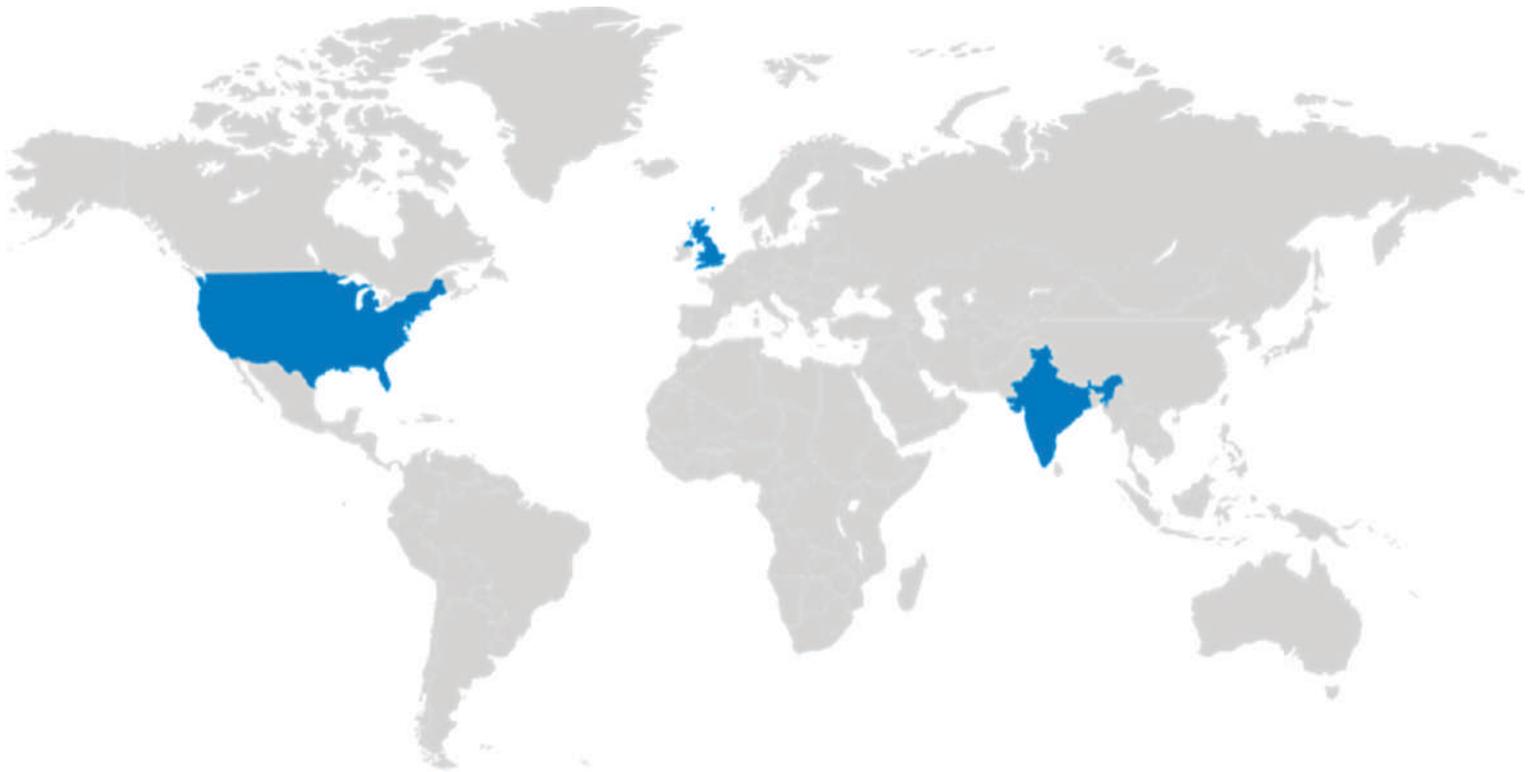

Environmental care

- ETP with sludge pump and all required permissions.
- We use biomass briquettes for our heating system which cut down our carbon foot prints.
- Scrubbing system for healthy environment.
- Using recycled plastic and waste corrugated linner for packing.

♥ Give

We believe in giving back to the society. Major thing is that a part of profit we earn is spent into welfare of society. Donating to charitable hospitals and institutes in good amount. Let's make this world a kind place to live in.
