

INTRODUCTION

Our organization is engaged in import, manufacturing and supplying an extensive range of UPVC Doors & Window Fittings. Our range includes Transmission Rods, Locks, Handle, Hinges, Friction Hinge, Window Roller, Wool Pile and other Window Accessories. These products are in great demand and known for their sturdy construction, design, easy installation, perfect finish and low maintenance cost. We have a state-of-the-art manufacturing unit at our premises, which is well equipped with all the required machinery & tools to facilitate hassle-free fabrication processes. For ensuring the quality of the products, only supreme quality raw material is used in manufacturing process. Our products are examined on several stringent parameters by the quality controllers to pick out every possibility of flaw or defect. Furthermore, our logistics professionals make sure that our products are delivered within the stated time frame at the client's end. With our dedication towards work and ethical business practices, we have garnered long list of customers.

Mr. Pratik Shah
(Director)

Nine Bearings (India) pvt. Ltd., earlier known as '**Shri Mangalam Traders**' is the leading manufacturer, importer of India's Doors and Windows hardware Industry. We are the Official Indian Distributor of CMECH which is the US based organisation. We are also one of the leading dealer of CJHUGN. Nine Bearings (India) pvt. Ltd. is known for it's unique, superior quality products and customer loyalty. Nine Bearings (India) Pvt. Ltd. treats their customers like their own Family. We are always keen to shake hands with those who are enthusiastic of their business, who shares the same moral and ethical standards like us. Nine Bearings (India) Pvt. Ltd. is the 'House of Hardware' where you'll find all types of Doors and Windows hardware as per the requirements. We deal in all types of rollers, handles, hinges, automated window equipment, Sliding folding etc. We, the team Nine Bearings (India) Pvt. Ltd. have a sole aim of progressing towards highly developed nation and something different and unique.

How it all Started????

Back at the time when Aluminium Window rollers were highly coveted in the market, Mr. Pratik S. Shah started his journey in 2004 under the firm named 'Shri Mangalam Traders' which was located at Masjid Bunder. After few years, in search of something new, he was introduced with the wide market of UPVC window rollers at an exhibition in BKC, Mumbai, showing deep interest in UPVC Rollers, he started manufacturing it but Failed! yet didn't give up and then started importing it. That was the turning point of 'NINE BEARINGS INDIA PVT LTD' and there was no looking back for them after that. Rollers were high on demand and thereby acquired more new customers. One of them were Mr. Rajesh Patel Managing Director of YASHSHRI POLYEXTRUSION who guided us to import other door and window hardware and that's how we kept on increasing our wide range of Products and meet our valuable buyer demands. This is how we started from a scratch and now we are at our peak. In this successful journey many renowned Fabricators and Distributor join us and led to stepping stone for our success and all over future endeavour.
