Welcome to Classic Group....

Every great finish starts with a passion for perfection.

At Classic Electrocoating Pvt. Ltd., **Chairman/MD Ashok D Jangid** began this journey with a simple commitment — to deliver the finest quality surface finishes in the industry. Driven by innovation and the desire to offer something more than just coating, we embraced cutting-edge technologies like **PVD Coating** and **Wood Finish Coating** on Aluminium to give our clients both beauty and durability — without compromise.

We believe in the power of details. Every piece we coat reflects our values: quality craftsmanship, precision technology, and a relentless pursuit of excellence. With **35+ years** of experience and a skilled team behind us, we continue to raise the bar, one project at a time.

Whether it's architectural, industrial, or personal, trust us to bring your vision to life — with a finish that lasts.
