

Grayzo
Door & Partition Systems

Company Profile

About Us.

Welcome to Grayzo, a leading Door and Partition company that was established in 2005 in Gurugram, Haryana. We take pride in providing high-quality doors with exceptional craftsmanship and attention to detail.

One of the things that set us apart is our commitment to sustainability and innovation. Unlike traditional doors and partitions that rely on silicone for sealing, we have developed a unique manufacturing process that involves zero use of silicone. Instead, we utilize cutting-edge technology and eco-friendly materials to create doors that are not only beautiful but also environment friendly.

Our silicone-free doors offer numerous benefits. Firstly, they are more durable and long-lasting. Silicone tends to degrade over time, leading to potential leaks and drafts. In contrast, our brand provides superior insulation, ensuring optimal energy efficiency and reducing heating and cooling costs.

In addition, our doors are virtually maintenance-free, as they do not require periodic resealing with silicone. This saves you time and effort in upkeep, making our doors a convenient and hassle-free choice for your home or commercial property.

At Grayzo and Partition, we cater to two major segments: luxury homes and commercial properties. For luxury homes, our doors are designed to add a touch of elegance and sophistication, complementing the aesthetic of high-end residences. For commercial properties, our doors are engineered to withstand heavy usage and provide enhanced security, making them ideal for offices, hotels, retail spaces, and more.

Choose Grayzo Doors and Partition for premium quality doors that are silicone-free, environmentally friendly, and built to last. Experience the perfect blend of luxury, durability, and sustainability with our innovative door solutions.

OUR MISSION

The life of employees at Grayzo is dynamic and engaging, with a focus on teamwork, innovation, and delivering exceptional products and services to our customers. As a door and partition company, we value hard work, attention to detail, and a commitment to excellence, and these values are reflected in the daily lives of our employees.

Our employees work in a variety of roles, from manufacturing and installation to sales and customer service. Regardless of their specific role, all employees at Grayzo share a common goal: to provide our customers with high-quality, reliable, and aesthetically pleasing door and partition solutions.

Manufacturing employees at Grayzo work in our state-of-the-art facilities, using the latest equipment and techniques to produce our products. They are highly skilled and knowledgeable, with a deep understanding of the materials and processes involved in creating our doors and partitions. Our manufacturing team works closely with our design and engineering teams to ensure that our products meet the highest standards of quality and functionality.

Installation employees at Grayzo are responsible for delivering and installing our products on site. They are highly trained and experienced, with a deep understanding of the unique challenges involved in installing doors and partitions in a variety of settings. Our installation team works closely with our customers to ensure that installations are completed on time and to the highest standards of quality.

Sales and customer service employees at Grayzo are the face of our company, working closely with our customers to understand their needs and provide them with the best possible solutions. They are highly knowledgeable about our products and services, and they work tirelessly to ensure that our customers are satisfied with every aspect of their experience with Grayzo.

At Grayzo, we understand that our employees are our greatest asset, and we are committed to creating a work environment that is positive, supportive, and engaging. We offer competitive salaries, comprehensive benefits, and opportunities for professional development and advancement. We also value diversity and inclusion, and we strive to create a workplace that is welcoming and inclusive for all.

In summary, the life of employees at Grayzo is engaging, dynamic, and focused on delivering exceptional products and services to our customers. Whether working in manufacturing, installation, sales, or customer service, all employees share a common goal of providing our customers with high-quality, reliable, and aesthetically pleasing door and partition solutions.

OUR VALUABLE CLIENTS

OUR VALUABLE CLIENTS

PRODUCTS OFFERED BY GRAYZO

Grayzo glass, doors and partitions offer a wide range of high-quality products in three categories: Luxury, Home Essentials, and Commercial. Each category offers unique solutions to meet the specific needs of our customers.

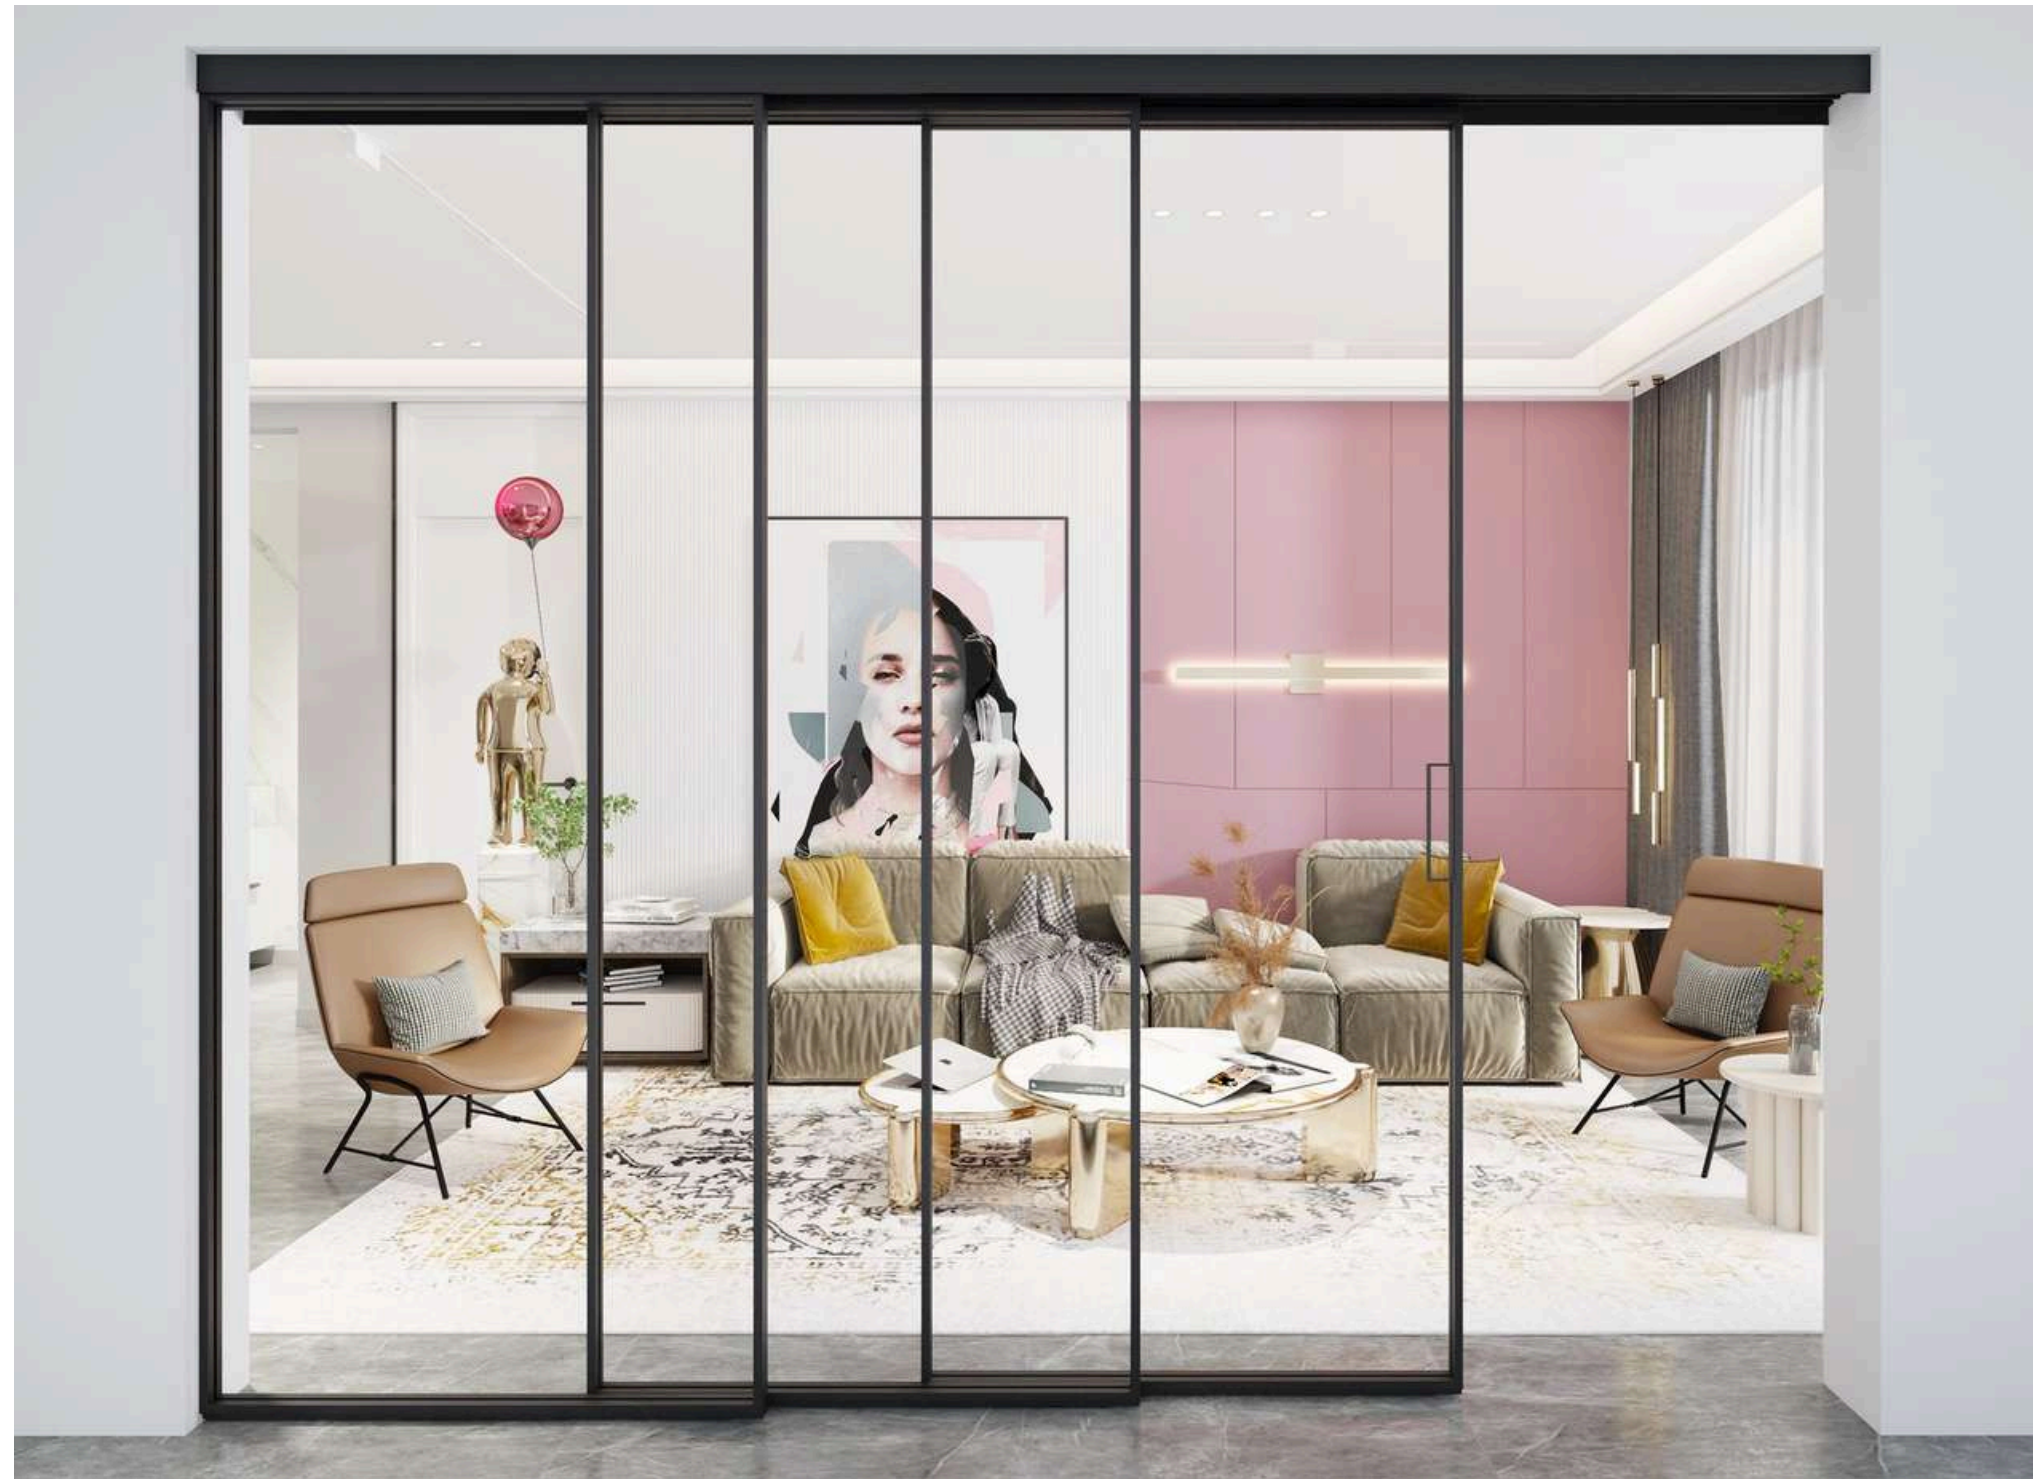

1)Luxury Category: Our Luxury category features premium doors and partitions that are designed to provide a high-end look and feel. These products are ideal for upscale homes, hotels, and other luxury properties.

2)Home Essentials Category: Our Home Essentials category offers practical and stylish doors and partitions for residential properties. These products are designed to provide functionality and beauty, enhancing the overall aesthetic of any home.

3)Commercial Category: Our Commercial category features durable and reliable doors and partitions that are designed to withstand heavy use and high traffic. These products are ideal for businesses, schools, hospitals, and other commercial properties.

In all categories, Grayzo glass, doors and partitions offer a range of customization options, including size, material, and finishes. Our team works closely with customers to ensure that their unique needs are met, providing tailored solutions that meet their specific requirements. With our wide range of products and customization options, Grayzo doors and partitions are the ideal choice for any residential or commercial property.

DELTA TELESCOPIC SLIDING DOOR

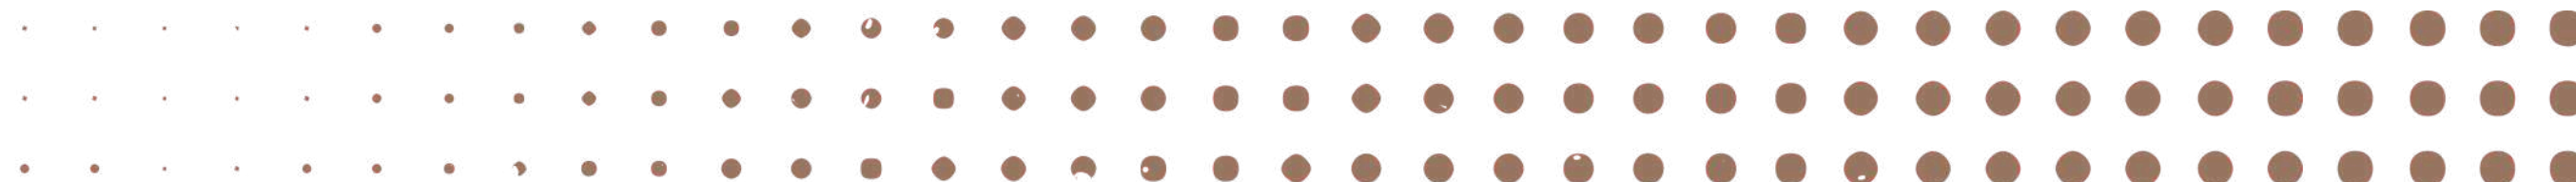

The elegant range of telescopic system gives you access of 70% of total area access. As all the doors overlapped and parked on one single fixed door.

We are offering 3, 4 & 5 doors solution for more access and wider area coverage.

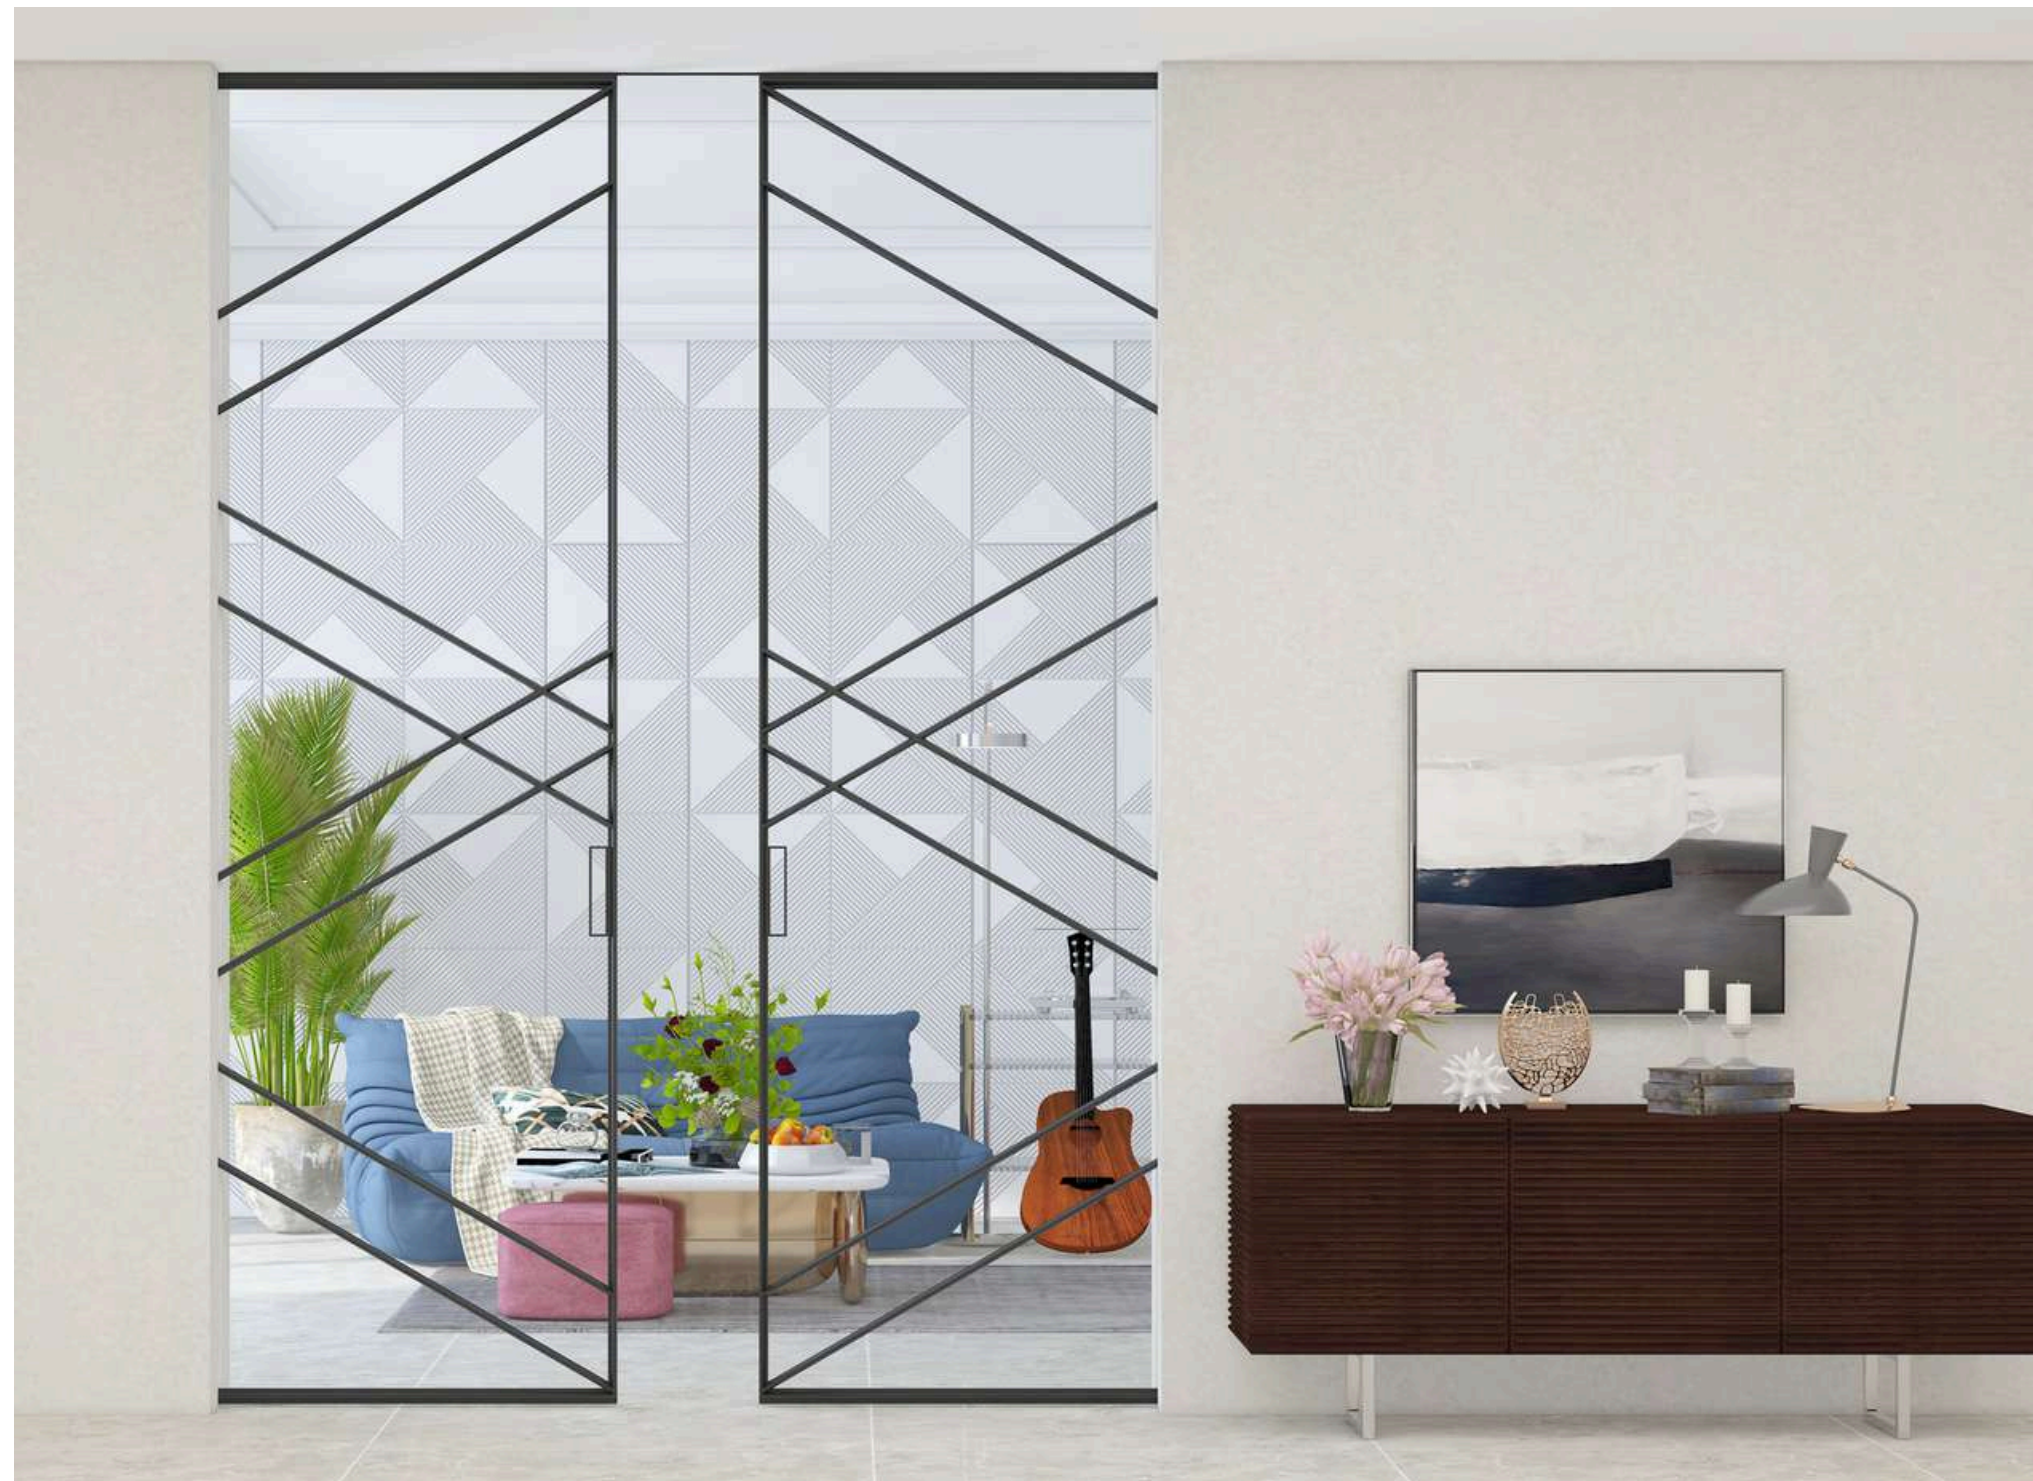

We are offering the slimmest aluminium section available currently in nation.

Our new innovations allow us to make arc shape in same solution.

Wider range of glass and the flexibility allow clients to put their designs and solutions according to their mindset.

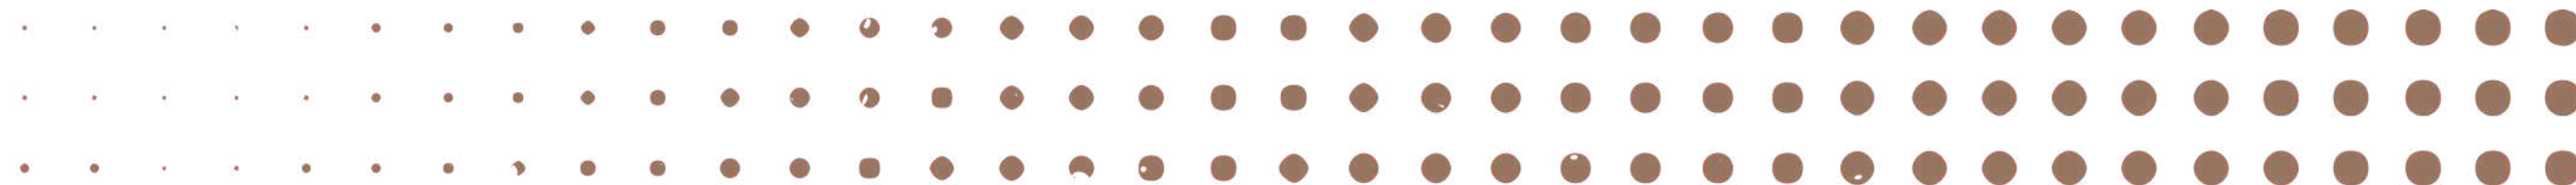

ADELA POCKET SLIDING DOOR

A pocket sliding door, also referred to as an Adela pocket sliding door, is an interior door that saves space by sliding into a hidden pocket within the wall when opened. Unlike traditional hinged doors that swing open and take up floor space, pocket doors smoothly slide along a track and vanish into a recessed compartment.

The key benefit of pocket doors is their capacity to optimize usable space. These doors are perfect for limited spaces like small rooms, narrow hallways, or areas with furniture constraints, as they eliminate the need for a swing radius. They create a seamless transition between rooms, enabling an open and unobstructed flow.

ADELA SYNCHRO SLIDING DOOR

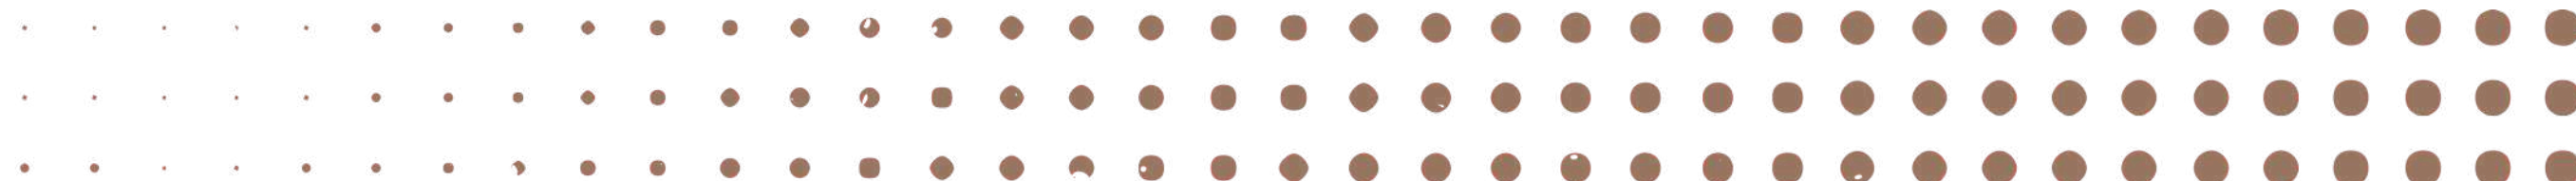

Presenting the Adela Synchro Sliding Door - a blend of flawless functionality and contemporary design. This innovative door system, known as "synchro sliding," synchronizes the smooth sliding motion of one door with the effortless opening of the other, ensuring a seamless experience.

With a maximum height reaching 12 feet, the Adela Synchro Sliding Door offers a spacious entrance, granting easy access to larger areas while maximizing natural light and airflow.

Bid farewell to unattractive floor tracks and visible hardware. Our synchro sliding doors boast an ultra-sleek design, concealing all elements on the floor and hardware, resulting in a clean and minimalist look that elevates the aesthetics of any space.

Immerse yourself in the flawless integration of the Adela Synchro Sliding Door. Revel in the synchronized sliding feature, the sophistication of ultra-slim doors, and the hidden hardware. Embrace a contemporary and clutter-free ambiance that radiates elegance and charm.

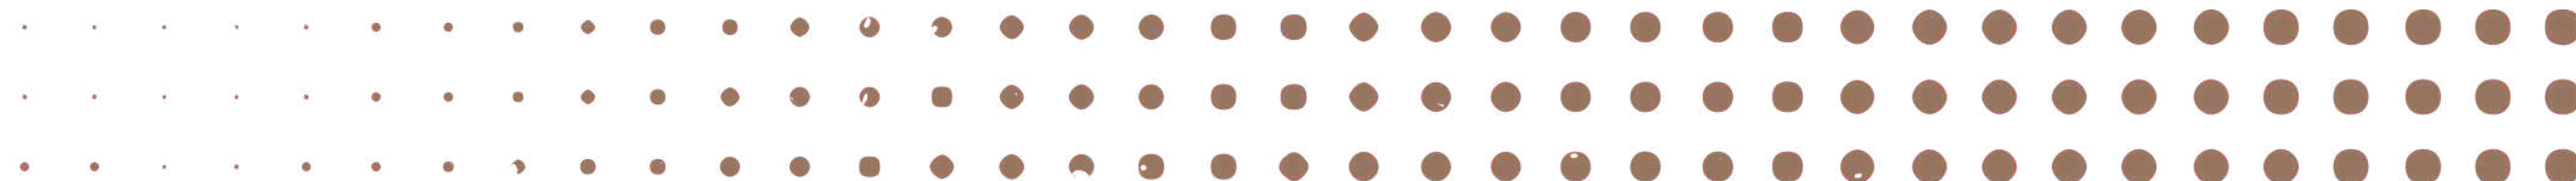

ADELA SOFT CLOSE SLIDING DOOR

Introducing the Adela Soft Close Door – An ideal choice for walk-in closets and kitchen areas. This innovative door system seamlessly blends functionality and sophistication to offer a smooth and effortless user experience.

- Adela Soft-close doors are popularly used in walk-in closets and kitchens, combining convenience and style.
- With a maximum height of 12 feet, these doors suit a variety of room sizes and layouts.
- The soft close mechanism, present in both fixed and sliding doors, ensures a gentle and quiet closing action, eliminating noisy and sudden closures for a tranquil environment.
- These soft-close doors feature a sleek and tidy look, with hidden hardware for a minimalist and contemporary feel.
- There are no floor tracks, maintaining a seamless and unobtrusive design.
- Elevate both the functionality and aesthetic appeal of your space with the convenience and elegance of soft-close doors in your walk-in closet or kitchen area.

DELTA SLIDING FOLDING

Introducing the Delta sliding folding door – the space-saving solution that revolutionizes door design. Tired of doors that consume too much space? Look no further. We are the exclusive provider of this innovative door system in the nation.

With the Delta sliding folding door, you can reclaim your valuable space. Say goodbye to traditional doors that require ample clearance for swinging or stacking. Our door design allows for up to 90% access, maximizing your usable area like never before.

Not only does the Delta sliding folding door provide exceptional functionality, but it also creates stunning symmetry within your space. The sleek and modern design adds a touch of elegance to any environment, enhancing both aesthetics and practicality.

Experience the difference with the Delta sliding folding door. Discover the perfect balance between space optimization and striking design, making your living or working space more efficient and visually appealing.

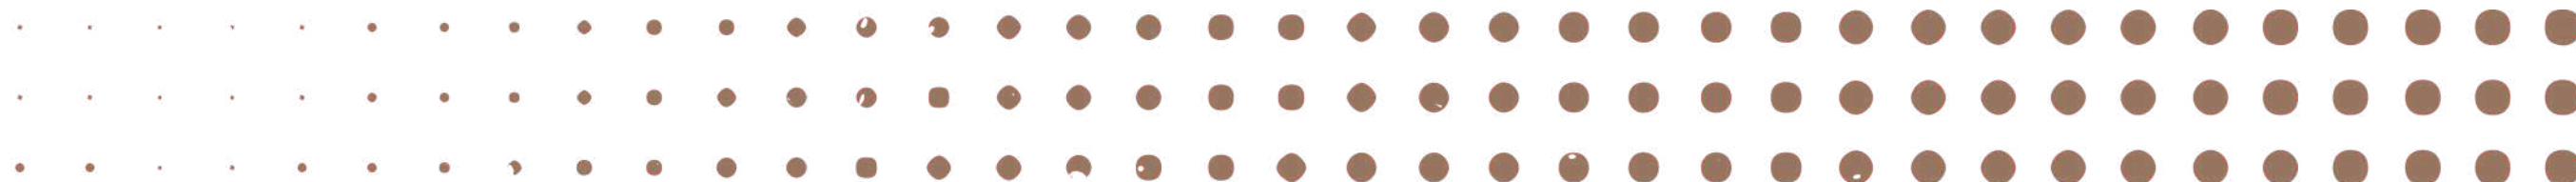

DELTA GLIDE DOOR

Introducing the Delta Glide Door – A hassle-free door solution that combines convenience and affordability for your space.

- This door offers a seamless installation process without requiring any civil changes, saving you from costly renovations.
- Say goodbye to the expenses of framing a traditional door; the Delta Glide Door doesn't need a frame, providing a budget-friendly option without compromising quality or functionality.
- Experience the freedom of a 6-foot access opening with the Rotational Glide Door, perfect for areas where accessibility is crucial due to its wide and unobstructed entryway.
- The rotational center of this door adds a unique touch, allowing for smooth movement and enhancing the user experience while bringing a stylish element to your space.
- Explore the convenience and affordability of the Glide Door, featuring an innovative design, easy installation, wide access opening, and the distinctive rotational center that sets it apart, offering 180 and 360-degree access.

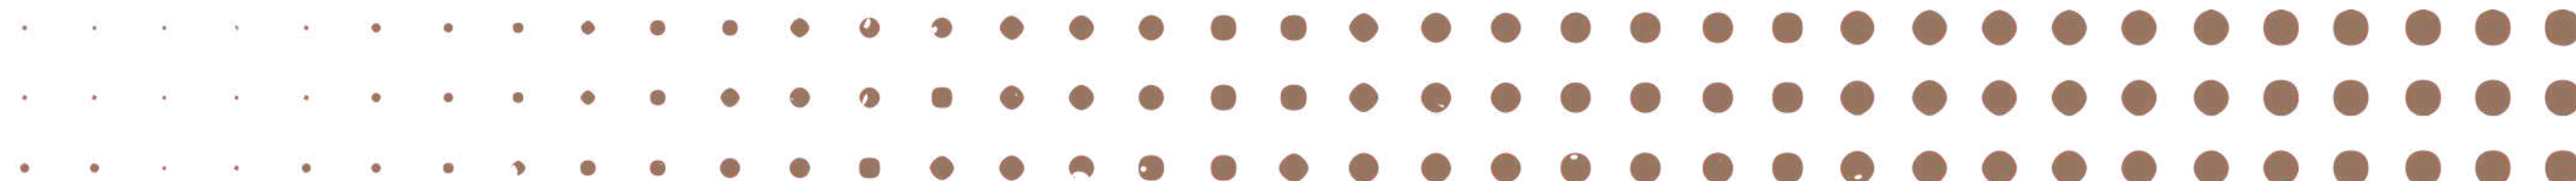

DRIVE DOOR OPENABLE WARDROBE

Introducing the Drive Door Openable Wardrobe – Revolutionizing interior design.

In a world where tall storage solutions are standard, our wardrobe introduces innovation and adaptability to your space.

- Say farewell to height limitations with our openable wardrobe, reaching up to 10 feet, maximizing vertical space.
- Crafted from aluminium for durability and strength, providing efficient storage without compromising elegance.
- Traditional wooden wardrobes can be demanding to maintain, but our openable wardrobe simplifies upkeep by incorporating glass components.
- Choose from over 150 design options to tailor your wardrobe to match your style, creating a unique focal point in your space.
- Experience the freedom and versatility of the openable wardrobe, offering convenience in height accessibility, effortless glass maintenance, and customizable design options that reflect your personality.

COLIC SHUTTER

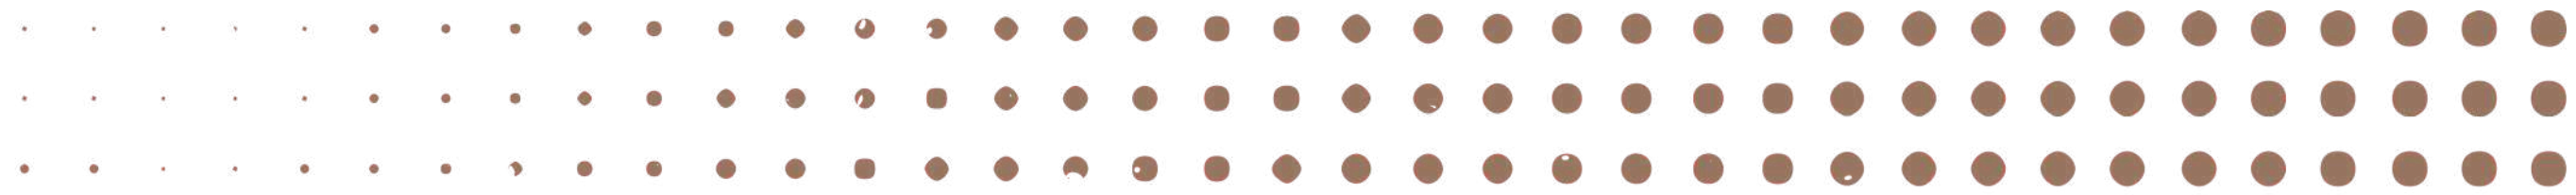

Introducing Colic Shutter – the perfect choice for enhancing your kitchen's aesthetics. This exceptional product stands out by reinventing traditional options.

Unlike previous shutter designs that had hollow backs, Colic Shutter introduces an innovative solution. By incorporating a metal honeycomb filling, it eliminates the empty space, creating a sturdy structure that enhances durability and strength.

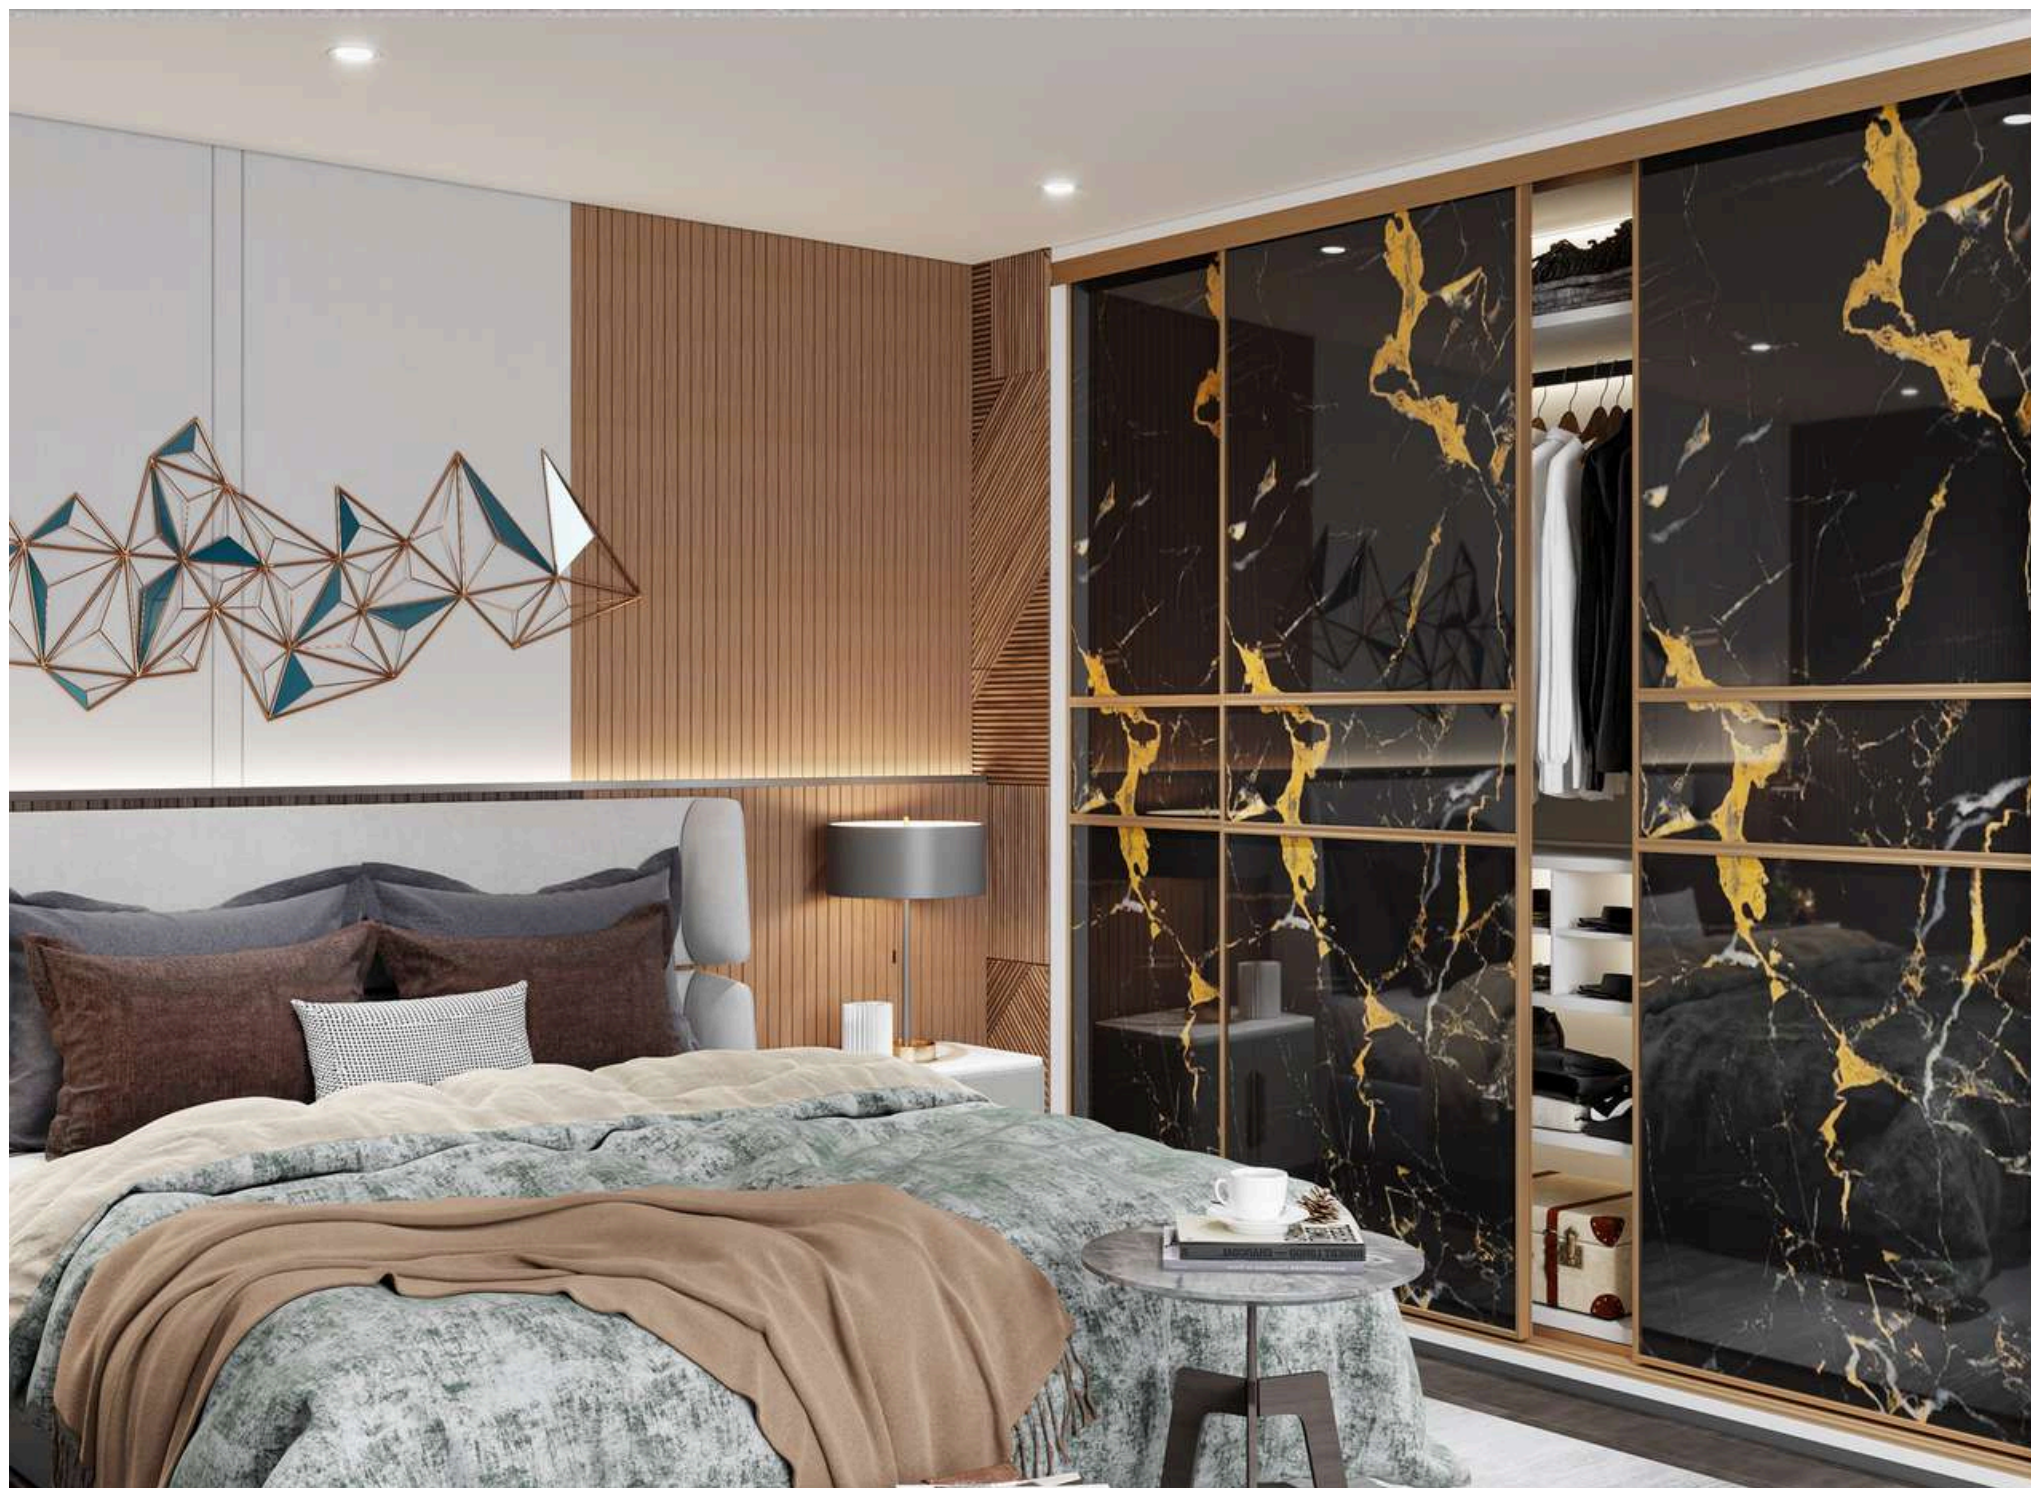

Say goodbye to bulky shutters made of glass and wood. Colic Shutter ushers in a new era with its lightweight design, as light as a feather. Experience effortless handling and installation without compromising on quality or style.

Safety is a top priority with Colic Shutter. Designed without sharp edges, it ensures peace of mind, especially in busy kitchen environments where safety is crucial. Embrace a modern and sleek look while safeguarding your family.

Explore the distinctiveness of Colic Shutter – a revolutionary and unique option that elevates your kitchen's visual appeal. Wave goodbye to empty spaces, heavy materials, and sharp corners, and welcome a product that seamlessly combines sophistication, durability, and safety.

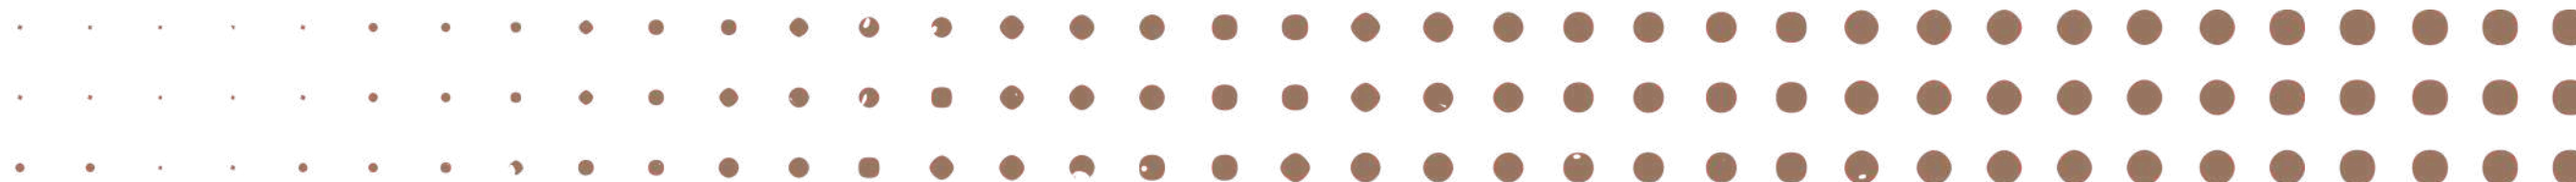

ELMAR SLIDING WARDROBE

Introducing the Elmar Sliding Wardrobe – a stylish and space-saving storage solution that addresses common wardrobe issues with numerous benefits:

- Enjoy a maximum height of up to 10 feet for ample storage space.
- The innovative design ensures a seamless and elegant appearance without visible bending.
- Lightweight materials enable effortless sliding and smooth operation, eliminating the need for heavy glass panels.
- High-quality hardware guarantees durability and seamless functionality for a hassle-free experience.
- The sliding wardrobe offers a locking solution for security and peace of mind.

Transform your space with a sliding wardrobe to enhance storage capacity, appearance, functionality, and security.

DELTA FLUSH SWING DOOR

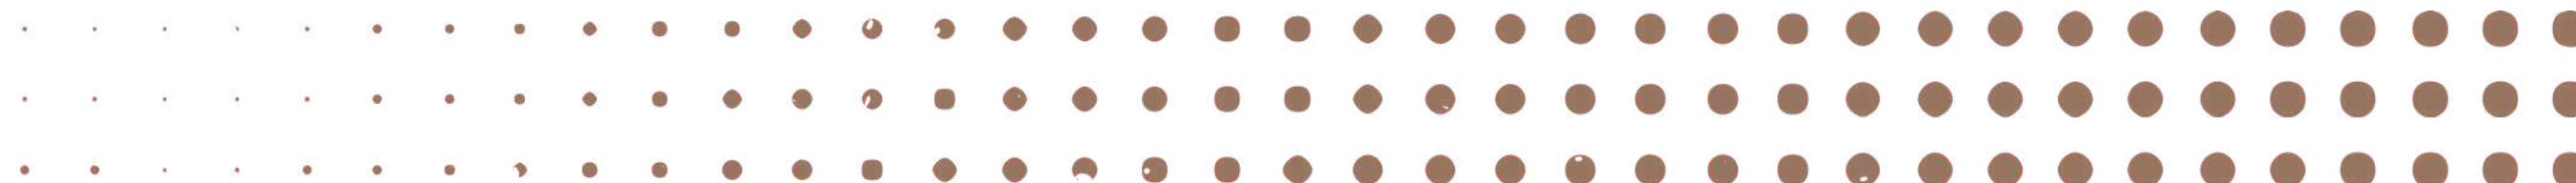

Introducing the Delta Flush Swing Door: Ideal for Indoor Spaces

The Delta Flush Swing Door presents a unique solution for interior settings, addressing the limitations often associated with standard wooden doors. By refining traditional door concepts, the Delta Flush Swing Door emerges as a sophisticated and innovative option. It seamlessly blends with your walls, creating a unified and aesthetically pleasing look. While appearing seamless from a distance, a discreet 5mm visible line adds a touch of elegance when viewed up close.

Crafted entirely from aluminum, this door not only exudes elegance but also ensures functionality. With fire-resistant properties, it prioritizes safety for your home or workplace. Its 8mm thickness guarantees durability and strength, providing a long-lasting solution.

Versatile and adaptable, the Flush Swing Door is suitable for various room sizes and decor styles, accommodating heights up to 12 feet. Its endurance is reinforced by a metal honeycomb core, ensuring consistent performance over time.

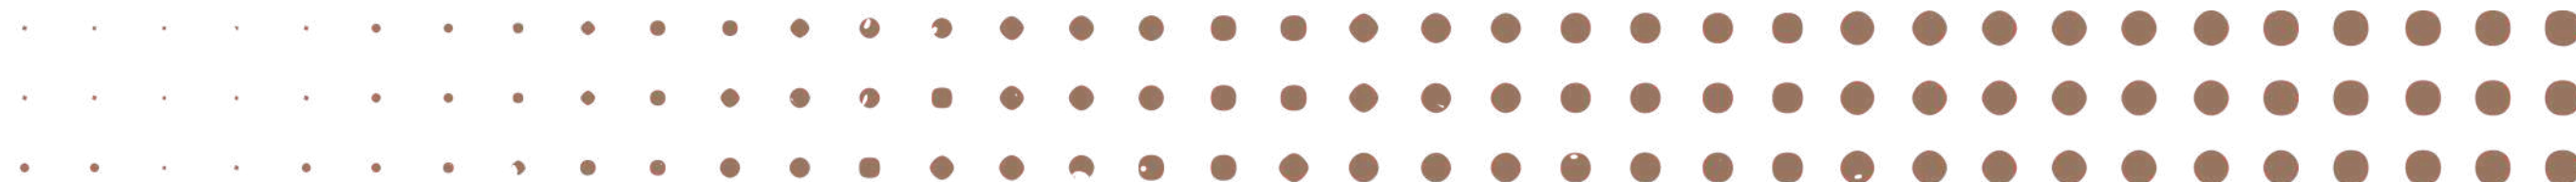

ALDON OFFICE PARTITION

Introducing the Aldon Office Partition – a perfect solution to address privacy concerns and enhance the look of your workspace. Unlike traditional doors that may lack privacy and have visible hardware, our office partition offers a premium touch while ensuring functionality and durability.

- Our design focuses on privacy to ensure confidentiality in the office environment, providing a space free from distractions and prying eyes for a more focused and productive team.
- Say goodbye to visible and unattractive hardware. Our Aldon office partition is sleek and seamless, adding a modern and professional feel to your office while maintaining a clean and clutter-free appearance.
- Crafted specifically for office settings, our partitions are robust and long-lasting, designed to withstand daily use and retain their high quality for years to come.
- Elevate your workspace with our premium Aldon office partition, offering improved privacy, a sophisticated aesthetic, and durability to meet the demands of your workplace. Create a professional atmosphere that encourages productivity and professionalism within your team.

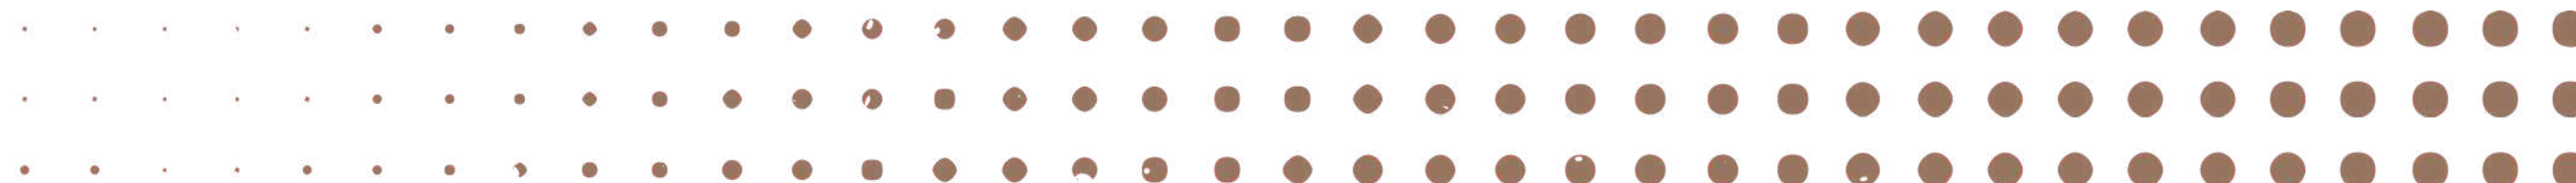

LINEA SHOWER CUBICLE

Introducing the Linea Shower Cubicle – An innovative addition to enhance your bathroom space.

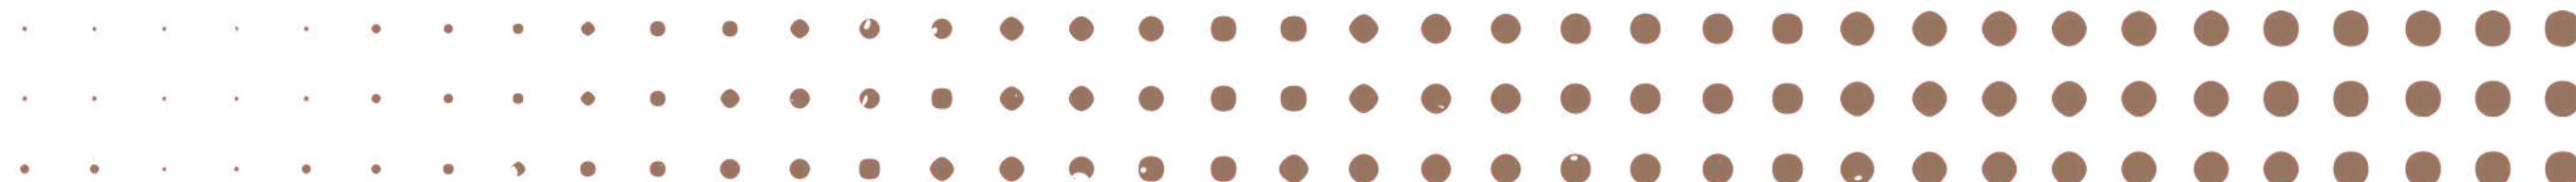

- Our shower cubicles present a contemporary appearance with framed structures tailored for wet areas.
- We acknowledge the challenges brought by moisture and humidity, hence our rust-proof shower cubicle doors ensure enduring durability and a lasting pristine look.
- Experience a sophisticated and seamless design with concealed hardware, establishing a tidy and minimalist ambiance in your bathroom.
- Say goodbye to dealing with silicone as our shower cubicles eliminate the need for it altogether.
- Safety is paramount, and our sturdy frame structure offers the confidence you seek. Rest assured that our shower cubicles provide stability and security for your bathing routine.
- Our versatile shower cubicles can be utilized in saunas and steam rooms, extending from floor to ceiling. Indulge in a luxurious bathing experience with our dependable and chic shower cubicle solution.

VESTA 2 TRACK SLIDING WINDOW

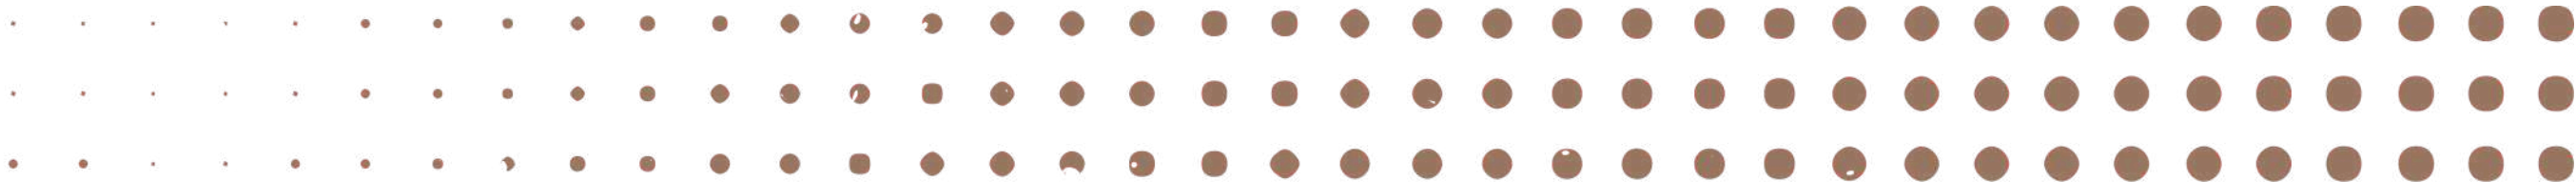

Introducing the Vesta 2 Track Sliding Window – the ideal addition to your balcony or living space. This versatile banner system combines functionality with elegance. Tailored to enhance your balcony, the Vesta 2 Track Sliding Window offers a practical solution for creating shade and privacy. Alongside our indoor interior solutions, we are thrilled to present a selection of Vesta 2 options for your outdoor partitions. Its modern design seamlessly integrates into any space, turning it into a warm and inviting setting. Explore the benefits of the Vesta 2 Track Sliding Window, offering sun protection and privacy while maintaining style.
