TRANSFORM SPACES, AMAZE THE WORLD!

A composite image featuring three men in professional and construction attire against a background of modern buildings and a large green arrow graphic. The man in the foreground is smiling and holding rolled-up blueprints. Behind him, another man in a suit holds a tablet, and a third man in a blue shirt and yellow hard hat looks on. The background shows a mix of glass skyscrapers and a red steel framework, with a large green arrow pointing upwards and to the right.

**PARTNERING
TOMORROW'S
SPACE SHAPERs**

At Alumaze, we believe that amazing spaces can change the world. This belief makes us strive to unlock countless possibilities by providing high-quality ACP with limitless design and functional potential.

We partner amazing visionaries.

Space Shapers are creative visionaries who transform ordinary spaces into extraordinary marvels with their passion for design and attention to detail. They push the boundaries of what's possible, embracing challenges and collaborating with others to create truly exceptional spaces. They leave their mark on the world, one space at a time, and are more than just builders, architects, designers, or fabricators. They are the ones who shape the world we live in, leaving a lasting impression on all who experience their work. We at Alumaze are proud to partner the Space Shapers of tomorrow and bring their visions alive.

We are committed to quality.

We are the first manufacturer of ACP from South India. Our manufacturing nestled in Vizianagaram, Andhra Pradesh boasts of the latest machinery with five calendar technology, the first in India. We are committed to provide quality-assured solutions by innovation. We explore new materials, designs, technologies and empower Space Shapers to transform spaces beyond imagination.

We are committed to deliver.

We understand that when a Space Shaper chooses us, they put their trust on us. We are committed to not only deliver them the best quality, but also cater to them in the most efficient way possible. Our priority is to deliver as per their needs and requirements, focusing on their timelines and conveniences. We are committed to grow together, each project at a time.

WOODEN

S E R I E S

Alumaze panels are made of high-quality aluminium alloy with a realistic wood grain finish that mimics the look and feel of real wood. They are easy to install, durable, and resistant to moisture, rain and heat. You can choose from a variety of colours and styles to suit your taste and decor.

Whether you want to accentuate a wall, a ceiling, a fireplace, or a furniture piece, Alumaze Wooden Series panels will give you the best of both worlds: the beauty of wood and the strength of metal.

ALU-HPL

Alumaze's versatile ALU HPL Series, a game-changer for both interiors and exteriors. Elevate the aesthetics of individual houses with our High-Pressure Laminate (HPL) range, seamlessly enhancing gates and exteriors. Beyond exterior allure, these laminates redefine interior spaces, infusing them with style and durability. From gates to living spaces, the HPL Series marries contemporary design with lasting performance, ensuring a cohesive and sophisticated transformation for every corner of your home. Choose the ALU HPL Series for a harmonious blend of exterior elegance and interior refinement.

Discover the pinnacle of safety with Alumaze's revolutionary non-combustible cladding. Alumaze's fire retardant ACPs are offered in two grades – Class B and Class A2. Our fire retardant solution ensures fire spreads upwards is thwarted, eliminating droplets and toxic smoke. Offering unparalleled protection for high-rises, industrial complexes, airports, hospitals, hotels, tunnels, and underground stations, Alumaze guarantees minimal heat release and zero flame spread. With a commitment to safeguarding life and property, our ACP is your shield against casualties, allowing hassle-free evacuation and leaving no room for damage. Choose Alumaze for a safer tomorrow.

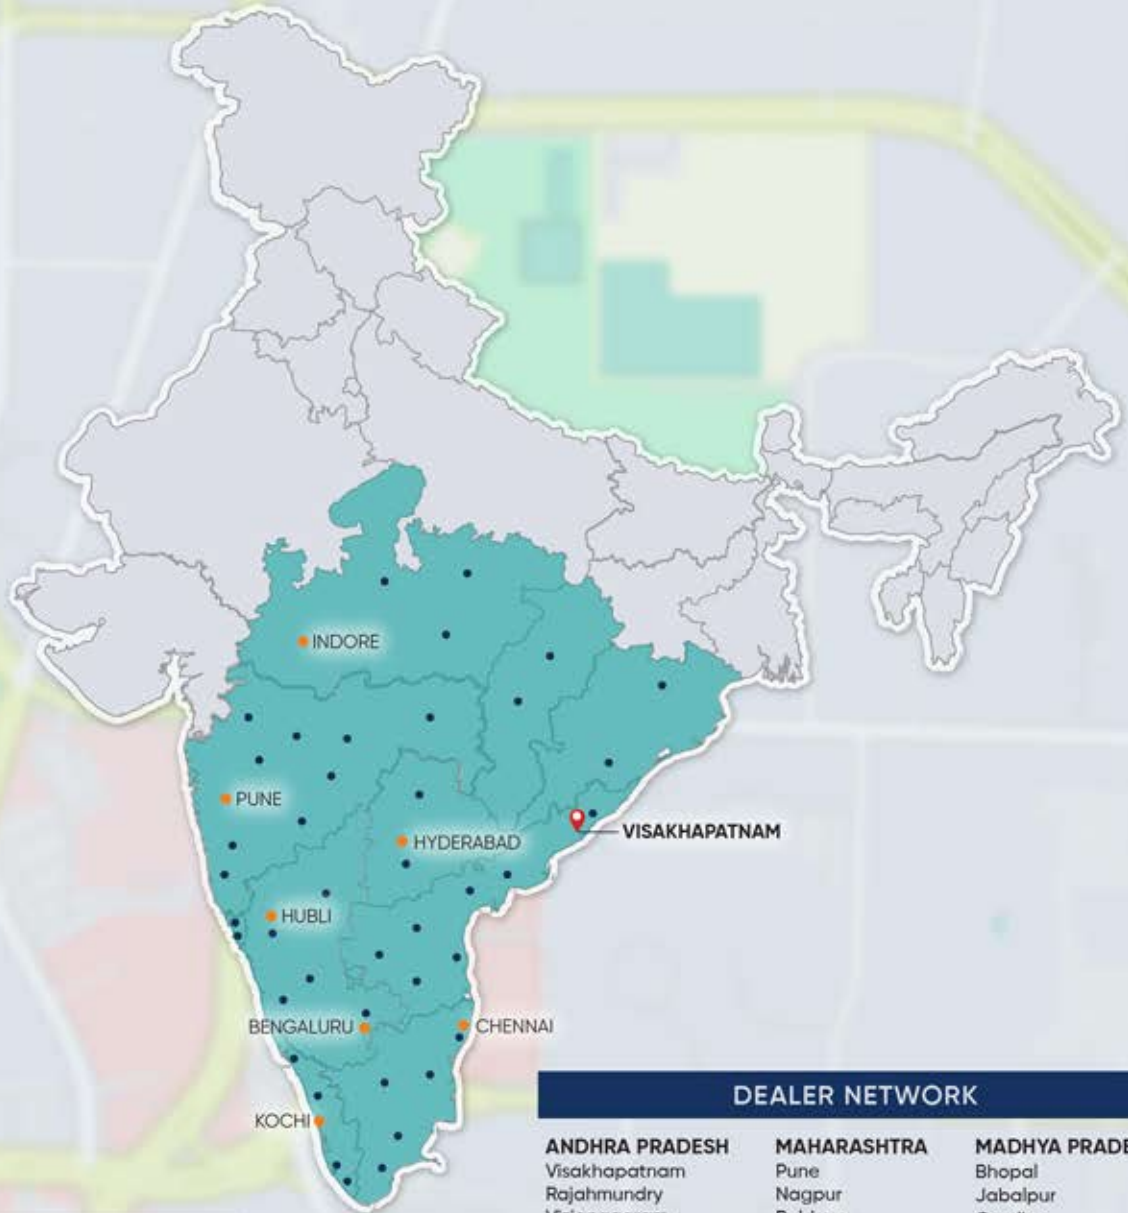

LOUVERS

Discover elegance and functionality with Alumaze Louvers, a perfect addition to elevate any space. Crafted with precision, these louvers enhance the aesthetic appeal of your surroundings. Engineered from high-quality aluminum, they ensure durability and low maintenance. Alumaze Louvers are a seamless blend of style and performance, and when complemented with ACP louvers, they represent a modern-age construction material used in interior and exterior cladding. The ACP louvers provide the finest and most elegant touch to the space, featuring a striped design achieved with alternating layers of raised and depressed metal sheets. Elevate your design with this sophisticated combination, a testament to modern craftsmanship.

Contact Alumaze Sales Team for Louver samples.

THE ALUMAZE ADVANTAGE

Strategic Location:

Being the only manufacturers of premium ACP in South India we ensure hassle-free engagement. We have a strong presence of dealers, which makes our products easily accessible to Space Shapers as per their need.

Curated Product:

With our rich experience in the category we have developed a range of ACP which are specially curated to enhance the beauty of your structure and create a marvel that you feel proud of.

Upto 15-Year Fade-Proof Guarantee:

Our products heighten the richness of the exterior view and guarantee to be fade proof for 12 years without losing its edge. To ensure our quality we implement checks at every level of production.

Plethora of Designs:

We have a wide variety of Finish - Texture, Sand, Stone, Wood, Marble, Sparkle, Glossy, Mirror, Brush, and Metallic/Solid shades. Your imagination, our reality.

Quality ensured:

We deliver what we promise, and we don't compromise when it comes to quality. The coil thickness we commit is the coil thickness we deliver.

We are a call away!

As your constant partner we are committed to be available at your beck and call 24 x 7.

Perfectly Amazing!
