OUR COMPANY

COMPANY INTRODUCTION

Raj Marketing was **founded in 2010** to meet the increasing demand for glass and glass tools across various sectors. Over the years, we've **grown tremendously**, earning a strong reputation for our wide selection of meticulously crafted, **top-quality products**. With a carefully built **network of trusted vendors** and a **robust distribution system**, we've **gained the loyalty and trust** of valued customers **worldwide**. Inspired by their support and our commitment to continuous growth, we launched **Raj Glass Machine in 2015** to further expand our reach. Now, with new facilities on the horizon, we're ready to meet all your glass production needs, offering a **complete package of machinery, spare parts, and comprehensive after-sales service** to keep you fully supported every step of the way.

COMPANY INTRODUCTION

Building modern, standardized factory facilities and implementing a scientific, organized production management system provide a solid foundation for seamlessly integrating R&D, production, and sales operations.

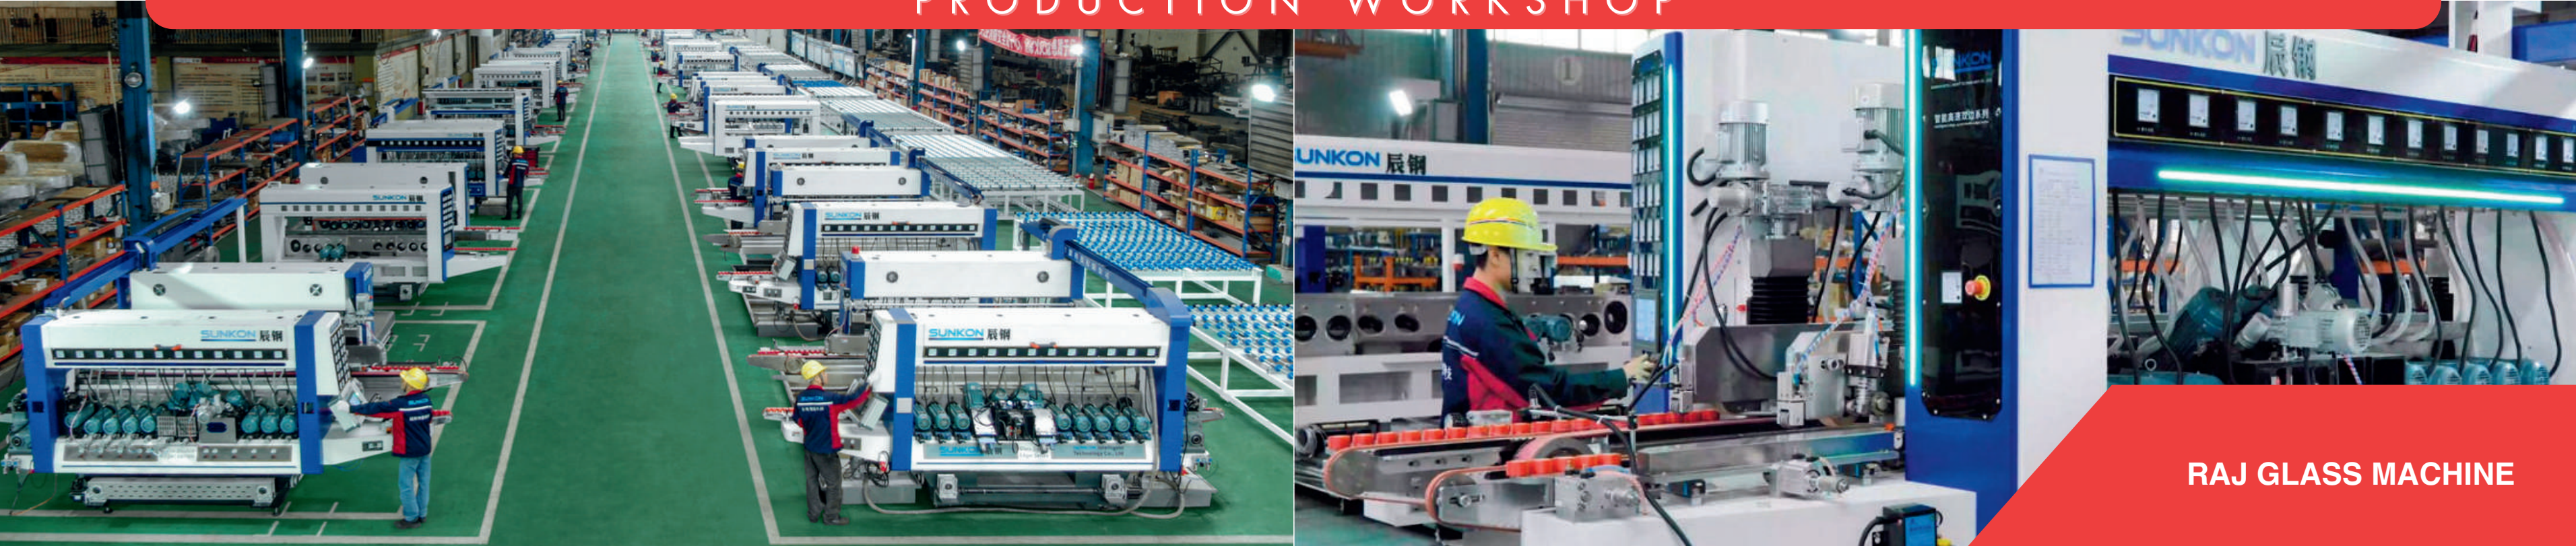

**Prioritize production, maintain rigorous control,
and put quality above all!**

Amid the roar of machinery, our production workshop is bustling with activity. In this busy scene, we always maintain our love and pursuit of technology, and use first-class craftsmanship and rigorous attitude to create satisfactory products

**Aim for excellence, prioritize quality, and establish a
top-tier production line**

The crystallization of sweat and wisdom, our production workshop has witnessed countless moments of hard work. Every part and every process is a mark of ingenuity
