# INTRODUCTION

**Shani Corporation Limited (SCL)** has emerged as a formidable player in the fenestration business, setting the benchmark for premium quality uPVC Profiles. Established in 2011, our ISO-certified factory, sprawling across 6200 square meters in the Gopalpur Industrial Area, Sikandrabad, near Bulandshahar, Uttar Pradesh, stands as a testament to our commitment to manufacturing excellence.

Our journey, guided by five visionary Directors - Mr. Deepak Singh, Ms. Divya Singh, Mr. Ashok Kumar, Mr. Amit Kumar Singh, and Mr. Sundip Jain - has been a decade-long odyssey of growth and accomplishment. From modest beginnings, SCL has evolved into a public limited company, marking its presence pan India with a workforce of 100 dedicated employees.

Specializing in **CORA uPVC Profiles** for doors and windows, our products epitomize beauty, longevity, and cost-effectiveness. Engineered to withstand the effects of temperature, weather, moisture, and noise, these profiles offer unparalleled quality. Our state-of-the-art factory, manned by a skilled workforce, ensures precision in every extrusion, contributing to the success of infrastructure projects nationwide.

As part of our commitment to a Pan India footprint, SCL has continually expanded its horizons. The company boasts a wide network of authorized dealers, associated architects, builders, and collaborators. Our indelible footprints in the industry are a result of our relentless pursuit of unbeatable solutions for diverse infrastructure projects.

Not only does SCL focus on delivering high-quality products, but our industry knowledge and experience are integral to every aspect of our processes. With a team of 100 employees working tirelessly across the country, we are dedicated to maintaining the highest standards in manufacturing and customer service.

# MANUFACTURING PLANT

Shani Corporation Ltd. (SCL), operating from its ISO Certified factory in Gopalpur Industrial Area, Sikandrabad, Bulandshahr, UP, is a notable player in the fenestration business. Our factory, sprawling over 6200 square meters, is equipped with cutting-edge technology for the production of uPVC Door and Window Profiles.

Boasting a present capacity of 350 tonnes per month, our factory is geared towards maintaining high standards with stable plasticization, high output, low shearing force, and an extended service life. With a vision to expand, we are set to increase our production capacity to 1000 tonnes per month, aligning with the escalating demand for high-quality uPVC profiles in the market.

The production process adheres to German standards of manufacturing, ensuring precision and excellence at every step. This commitment to quality is further underscored by our workforce, dedicated to upholding the highest manufacturing standards and continuous training to meet these benchmarks.

Our profiles are synonymous with precision craftsmanship and are considered a brand equivalent to European standards. With a focus on technological excellence, adherence to German manufacturing standards, and a commitment to quality control, Shani Corporation Ltd. sets itself apart in delivering precision-crafted uPVC Door and Window Profiles.

# WHY SCL?

**SCL** has been a Trail Blazer for being at the forefront of providing fenestration solutions for more than a decade now. Various Industrial Corporate Houses, Institutes, and Residential Projects have benefitted from the expertise and services of SCL. The following are the salient points:

- We are currently manufacturing uPVC profiles in three series, viz., **SCL** for Premium applications along with **SCL – Cora** and **SCL – Neu** to address the Project and Retail customers as applicable.
- Currently, we manufacture profiles in *White and Laminated with foils in Jet Black, Ash Grey, Walnut, Mahogany, Dark Oak and Golden Oak shades, respectively.*

- Our range product portfolio is suitable to cover almost the entire gamut of typologies, including *Fixed Windows, Casement Doors and Windows, Sliding Doors and Windows, Tilt & Turn Windows, Bi-Fold or Slide and Fold Doors and Windows, Tilt & Slide Doors.*

White

Ash Gray

Jet Black

Dark Oak

Golden Oak

Mahogany

Walnut

- We also have special profiles to save on fabrication input costs like *the Sliding Mono-Rail Profile, the 57 mm Sliding Sash, Transition Profiles used between Sliding and Fixed Combo Windows to enhance aesthetics etc.*

# WAREHOUSE & DISTRIBUTORS

**SCL**, a frontrunner in India's uPVC industry, has significantly expanded its distribution network with the introduction of nine warehouses in key locations across the country in 2023. These strategic warehouses are situated in *Hyderabad, Telangana; Patna, Bihar; Guwahati, Assam; Bhubaneswar, Odisha; Jaipur, Rajasthan; Nagpur, Maharashtra; Bengaluru, Karnataka; Bhopal, Madhya Pradesh; and Siliguri, West Bengal.*

Under the visionary leadership of **Director Divya Singh**, SCL is poised for further growth and aims to inaugurate an additional 10 warehouses in 2024. The company is renowned for its "Made in India" premium CORA uPVC Profiles. Operating from a state-of-the-art facility, SCL emphasizes an unwavering commitment to quality in its operations.

This strategic expansion not only strengthens SCL's presence in major cities but also aligns with the company's mission to deliver high-quality uPVC products efficiently across diverse regions of India.

# TEST CERTIFICATIONS

## 1 SHRIRAM INSTITUTE FOR INDUSTRIAL RESEARCH

Our profiles tested at Shriram Institute, Delhi, and the list of tests done and cleared, along with the standards used is attached for your perusal and reference. Test results and Certificates are available on request.

## 2 ATMY ANALYTICAL LABS PVT. LTD.

Our profiles are RoHS compliant tested and certified by ATMY Institute, Faridabad. Test results and Certificates are available on request.
