MAKE YOUR HOME HAPPY

Tickr - world-class Architectural Hardware Company surpassed all proven bench marks. It is our track record which place us as a front-runner amongst vast variety of hardware products. In a decade, real estate has emerged as a remarkable player in terms of modernity, style and durability. Demand for quality material was essence of the time. Inferior or short-term material providers have been eliminated completely and only those player survived in this fierce competition who gave tough competition to their opponents. At Tickr, our exponential growth is the proof of our commitment, strength, confidence of customer. we can proudly say that we have retained our position as one of the big leader of architectural hardware.

Let's look at our endeavors:

Vast product range -Floor spring, Patch fitting, Shower hinges, Glass Connectors, Sliding fitting, Door handles, Spider fitting, Railing accessories, Glass door locks, Aluminium track, Kitchen profiles etc.

- While sourcing raw material, we undergo meticulous planning at every stage such as latest trends in the market and how to overcome embarrassing situations of non-performance.

Always looking for newer products and quality

- Thorough inspection and stringent quality tests

- Service and support : Quick reaction, post Service support

Last but not the least, we have established confidence with our elite clients
