GLOBAL SOLUTION

About Us

Carrying forward the legacy of consulting from our predecessors and Seniors into this vast Industry of Import and Industrial based licenses, Global Solution has emerged as a leading consulting company to set the pattern to consult into new emerging licenses and provide a convenient solution to Manufacturers, Packers and Importers. We think, learn, build, improve, and deliver.

What is BIS ?

The Bureau of Indian Standards (BIS) is a government body under the Ministry of Consumer Affairs, responsible for setting quality and safety standards for products circulating in the Indian market. Through its official website, BIS provides access to Indian Standards (IS) for various products, identified by unique IS numbers.

BIS registration ensures that products meet these standards, promoting safety, quality, and consumer trust.

BIS Registration For Aluminium Products-

Ministry of Mines issued 3 Quality Control Order's (QCO) in the year 2023 mandating BIS Registration on 27 types of Aluminium Products such as Ingots, Billets, Extrusions, Sheets, Utensils, Cans etc. The said products will be covered under Scheme - I of BIS i.e. ISI Mark scheme. After the date of implementation, manufacturing and selling of Non - Complied Aluminium products will be illegal.

QCO : Quality Control Order

Aluminium Ingots and Billets

Implementation Date

- Medium and Large Units - 01-12-2024
- Small Units - 01-12-2024
- Micro Units - 01-12-2024

Aluminium Extrusions, Sheets & Similar Products

Implementation Date

- Medium and Large Units - 01-04-2025
- Small Units - 01-07-2025
- Micro Units - 01-10-2025

Cookware, Utensils and Cans for food and Beverages

Implementation Date

- Medium and Large Units - 01-04-2025
- Small Units - 01-07-2025
- Micro Units - 01-10-2025

Lab Testing Solution-

We will guide and pre-test samples from BIS certified laboratories to meet the quality standards of BIS. (EXTERNAL TESTING)

Lab Equipment Solution-

We will help you in setting up an in-house laboratory which is required for testing products. (INTERNAL TESTING)

Other Services

EPR Registration- Extended Producers' Responsibility (EPR) is required for Waste Management for the following 5 categories :

- EPR for Battery Management
- EPR for E-Waste Management
- EPR for Plastic Waste Management
- **LMPC Registration**
- **WPC Registration**
- EPR for Tyre Waste Management
- EPR for Hazardous Waste Management

Global Waste Solution

Global Waste Solution is a **CPCB** authorized Electronic Waste Recycler and a **PRO**(Producer Responsibility Organisation) with 2 semi-automated facilities at Sonapat, Haryana. We provide an end to end solution in recycling from collection, storage, transportation, dismantling, recycling and residue disposal. We are a **ISO 9001:2015, ISO 14001:2015, OHSAS 18001:2007 and ISO 45001:2018** certified company.
