Jindal Aluminium

inspire possibilities

INDIA'S LARGEST ALUMINIUM EXTRUSION COMPANY

Who We Are

Jindal Aluminium, India's largest Aluminium extrusion company, is at the forefront of a transformative movement, reshaping how Aluminium is utilised across industries and everyday life.

We are on a mission to unlock the vast potential of Aluminium and harness its versatility. As a business, it challenges us to continuously innovate and excel in its manufacturing, thereby enhancing the production and utilisation of Aluminium extruded and flat-rolled products.

55+ years of legacy

Turnover of Approx INR. 5500 Crore

Team strength of 4000+

Manufacturing plants: Bengaluru, Dabaspet, Bhiwadi

Global clientele spread across 55+ countries

100+ Dealers pan India

Extruded

With a current production capacity of

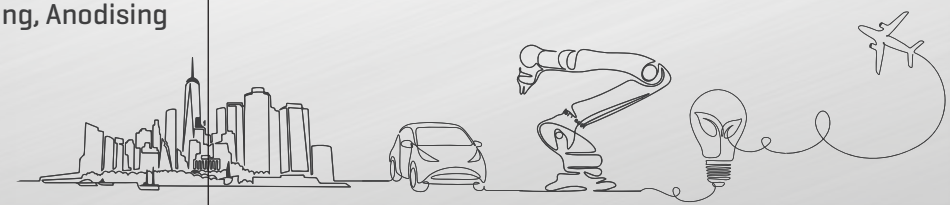

180,000 MTPA

Direct Access to pre-coated aluminium extruded products with in-house Powder Coating, Anodising and Fabrication facilities.

Flat-Rolled

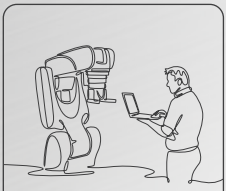

With a current production capacity of

75,000 MTPA

Major Industries

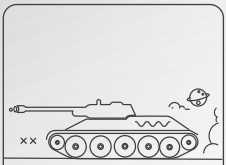

We Serve

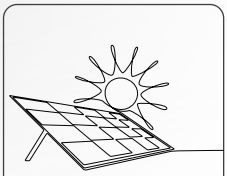

Automation

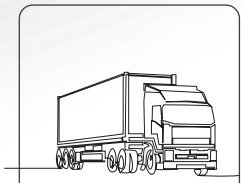

Construction

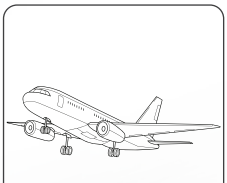

Defence

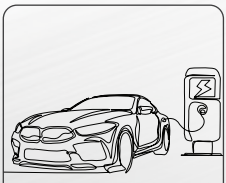

Solar

Transportation

Aerospace

Automobile

Pharmaceuticals

Awarded for

Export Excellence

by EEPC for Consecutive 17 years

A Team of

Diverse Visionaries.

Our employees are stalwarts of today and builders of tomorrow who make '**Jindal Aluminium**' extraordinary.

Together, our dream lies in our home, a big blue planet. We adopt a pro-environmental stance, inspired by our founder - **Padma Bhushan Dr. Sitaram Jindal's** vision for a natural way of living.

Our manufacturing practices uphold the highest ecological standards by minimising carbon footprint, optimising efficiency, and ensuring that tomorrow's green possibilities are built on the responsible actions we take today.

We operate fully on **renewable energy** in two out of three of our manufacturing units maintaining sustainability at our core.
