Industrial Rubber Extruded Profiles

Features

- **High Durability** – Long service life under heavy-duty industrial conditions
- **Heat, Oil & Chemical Resistance** – Performs reliably in harsh environments
- **Fire Retardant Options** – Available in special formulations for enhanced safety
- **Shock & Vibration Absorption** – Protects machinery, equipment, and structures
- **Customisable Designs** – Manufactured in varied shapes, sizes, and compounds to meet specific requirements

Applications

Electric Panel Seals

- Sponge Sealing Profile
- Neoprene D-Sealing Profile
- EPDM Panel Door Gasket

Bridge Profiles

- Strip Seal Profile
- Compression Seal Profile
- Neoprene Expansion Joint

Solar Panel Profiles

- Solar Edge Protection Profile
- Solar Glass Sealing Gasket
- Solar Panel Bubble Gasket

White Goods Profiles

- Silicon / Butyl Door Gaskets
- NBR Rubber Sleeve
- Drain Pipe & Hose Rubber

Automotive Profiles

- Railway Rubber Profiles
- Bus Body Rubber Beading
- Flocked Glass Run Channels

Machinery Profiles

- Conveyor Belt Skirt Rubber
- Damping Rubber Profile
- Oil & Heat-Resistant Seal

Architectural Rubber Extruded Profiles

Features

- **UV & Ozone Resistance** – Ensures long-lasting performance in outdoor conditions
- **Weatherproof Sealing** – Provides superior protection against air, water, and dust leakage
- **Fire Retardant Options** – Enhances safety for residential and commercial applications
- **Noise & Vibration Reduction** – Improves comfort by minimizing sound and structural vibration
- **Aesthetic & Custom Fit** – Seamlessly blends with UPVC, aluminium, and glass systems for a professional finish

Applications

UPVC Gaskets

- K, Q, R Type Rubber Gaskets
- E & D Rubber Profiles
- Star / Mesh Rubber Profile

Door Window Rubber

- Partiton Rubber Gaskets
- Domal Section Gaskets
- Female Section Gaskets

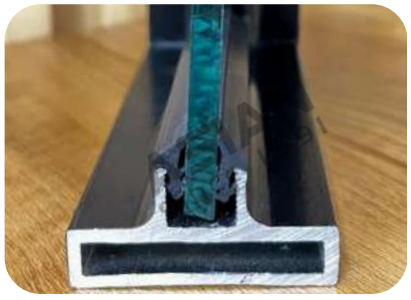

Glass Facades Gaskets

- Curtain Wall Rubber Gaskets
- Pressure Plate Gaskets
- Doom Top Bottom Gaskets

Railings Gaskets

- 25, 40, 50mm Railing Rubber
- Bottom Rubber Gaskets
- SS Slotted Railing Rubber

Slim Window Gaskets

- 10x41, 19x45 Vertical Rubber
- 16x45 Vertical, Divider Gasket
- Slim Cover Rubber Gaskets

System Window Section

- Casement Rubber Gaskets
- Bulb - Frame Rubber
- Push Rubber Profiles

Company & Quality Info

Why Choose Us ?

- **Proven Expertise** – 30+ years of experience in rubber extrusion & sealing solutions
- **Advanced Manufacturing** – State-of-the-art Microwave Cured EPDM Plant in IMT Faridabad & Ballabgarh
- **Custom Solutions** – Tailor-made profiles as per client drawings & specifications
- **Trusted Partnerships** – Preferred by OEMs, builders, and architects across India

Testing & Quality Assurance

- **Strength Testing** – In-house tensile strength & elongation checks
- **Durability Checks** – Compression set & hardness testing for long life
- **Weather Resistance** – Ozone, UV, and outdoor exposure tests
- **Strict QC** – Quality control at every stage of production

On-Time Delivery

Strong supply chain ensures timely shipments

Certified Quality

ISO 9001:2015 & ZED certified for global standards

Professional Team

Dedicated after-sales service and assistance

Aluminium Grills

Strong. Stylish. Durable – Aluminium Grills for Every Space

ASIAN
Since 1991

Aluminium Expanded Grills – Strength Meets Style

- **Premium Quality :** Manufactured from high-grade aluminium for strength and durability.
- **Lightweight & Rust-Resistant :** Designed to be maintenance-free and long-lasting.
- **Wide Range :** Available in multiple designs, sizes, and finishes.
- **Enhanced Security :** Provides superior protection without compromising aesthetics.
- **Functional & Stylish :** Suitable for windows, doors, balconies, and partitions.
- **Design Options :** From sleek contemporary to classic sturdy styles.
- **Perfect Balance :** Combines safety, ventilation, and elegance seamlessly.

Stainless Steel Wiremesh

Strength in Every Strand

Perfect Fit for UPVC & Aluminium

Engineered to fit Upvc, slim and domal sections, this premium wiremesh enhances security while maintaining clear visibility and ventilation.

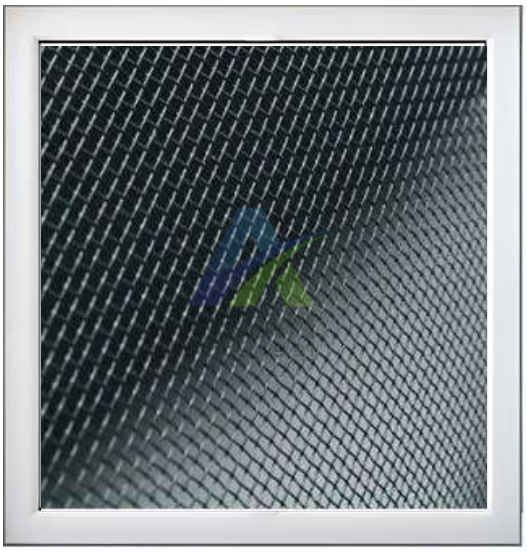

UPVC 18x16 Natural 304

Wire dia : 0.19mm Mesh : 18

Width available : 36", 48", 60"

- ✔ Lightweight & Durable
- ✔ Invisible Mesh Appearance

UPVC Black Mesh 304

Wire dia : 0.19mm Mesh : 18

Width available : 36", 48", 60"

- ✔ High Visibility
- ✔ UV & weatherproof

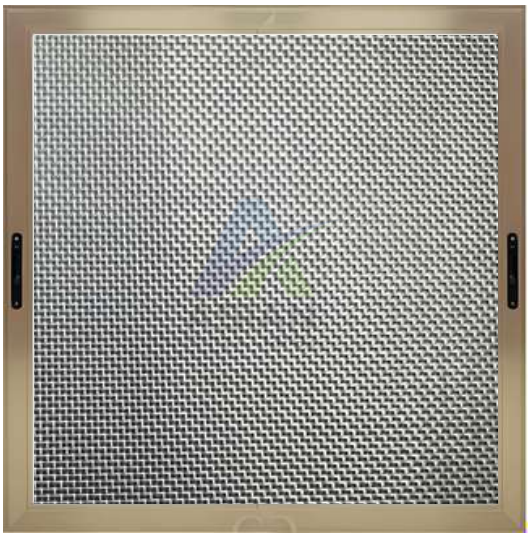

ARG 18x32 Wiremesh

Wire dia : 0.25mm Mesh : 18

Width available : 24"', 30", 36", 48", 60"

- ✔ High Strength & Durability
- ✔ For Premium window systems

ARG 20x30 Wiremesh

Wire dia : 0.29mm Mesh : 20

Width available : 24", 30", 36", 48", 60"

- ✔ Fine Filtration & Protection
- ✔ Best for Mosquito-Prone Areas
