
RALCO EXTRUSION PVT LTD

About:

Ralco Extrusion Pvt. Ltd. is a leading manufacturer of high-quality aluminium extrusion profiles, based in Palghar, Maharashtra. With over 15 years of industry experience, we specialize in designing and producing a wide range of aluminium profiles for industrial, architectural, and custom applications.

Our state-of-the-art manufacturing facility is equipped with advanced extrusion presses, in-house die development, and finishing capabilities to ensure precision, consistency, and reliability in every product we deliver.

We are committed to delivering customized solutions, timely service, and superior quality to meet the evolving needs of our clients across diverse industries.
