

*Speakers shown to illustrate acoustic transparency but are not actually visible behind the material

ACOUSTICPRO 4K eFINITY

ACOUSTICALY TRANSPARENT EDGE FREE® SCREEN

The **AcousticPro 4K eFinity Series** is an acoustically transparent EDGE FREE® fixed frame screen by EPV Screens. The ultra-thin bezel design reduces the overall footprint and maximizes the viewing area. It utilizes our award-winning AcousticPro 4K front projection material, which has a sheer weave design specifically crafted to improve both audio and visual performance. It reduces light loss while allowing sound to breathe through minimal attenuation. The **AcousticPro 4K eFinity** is the perfect compliment to a dedicated home theater when speakers need to be hidden behind the screen.

MODEL	DIAGONAL	ASPECT RATIO	VIEW HEIGHT	VIEW WIDTH	MATERIAL	GAIN	FRAME WIDTH
EF100H-A4K	100"	16:9	48.7 in	86.9 in	AcousticPro 4K	1.1	0.4 in
EF110H-A4K	110"	16:9	53.7 in	95.6 in	AcousticPro 4K	1.1	0.4 in
EF120H-A4K	120"	16:9	58.5 in	104.3 in	AcousticPro 4K	1.1	0.4 in
EF135H-A4K	135"	16:9	65.9 in	117.4 in	AcousticPro 4K	1.1	0.4 in
EF150H-A4K	150"	16:9	73.3 in	130.5 in	AcousticPro 4K	1.1	0.4 in
EF125C-A4K	125"	16:9	48.7 in	114.7 in	AcousticPro 4K	1.1	0.4 in
EF138C-A4K	138"	16:9	53.7 in	126.7 in	AcousticPro 4K	1.1	0.4 in
EF158C-A4K	158"	16:9	61.6 in	145.1 in	AcousticPro 4K	1.1	0.4 in

FEATURES & BENEFITS

- AcousticPro 4K Acoustically Transparent Matte White (sheer weave) projection screen material
- 4K Ultra HD, Active 3D, HDR Ready
- Black cloth backing attached behind AcousticPro 4K eliminates back-lighting (reflection)
- EDGE FREE® design maximizes the viewing area in a smaller footprint
- Mean attenuation of -3.06 at 8K – 20 kHz
- Wide 180° viewing angle uniformly reflects a bright image across entire surface with superior off-axis performance

DESIGN & INSTALLATION

- Internal framework with wraparound tensioned projection material
- Micro-thin aluminum black bezel
- Spring & grommet attachment system holds material over frame allowing a flat and taut tensioned projection surface
- Lightweight split-frame (6 pc) design is cost effective for shipping and provides easy access to install sites
- Assembles and installs in minutes
- LED edge backlighting kit included with remote
- Sliding wall mount ensures precision on-axis alignment
