Shaping the future of metals with sustainability

Founded in 1871, our early orientation towards global markets, focus on technology, and adherence to our values as a family-owned company, has been instrumental in our success

WE ARE A TECHNOLOGY PROVIDER WITH A GLOBAL PRODUCTION

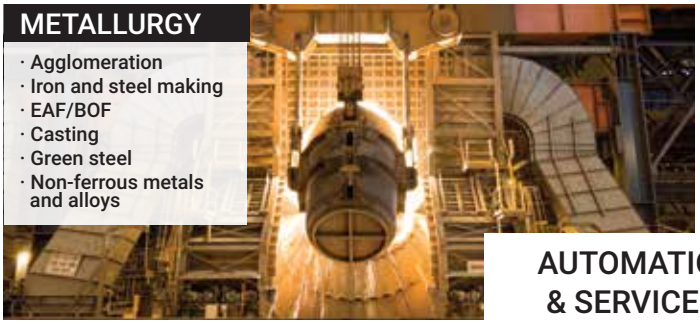

Our state-of-the-art production facilities worldwide adhere to a unified standard based on proven German training content in our workshops

- Total planned capacity: **<1,320,000 hours**
- Site area: **<500,000 m²** total site area
- **1000** highly skilled workers

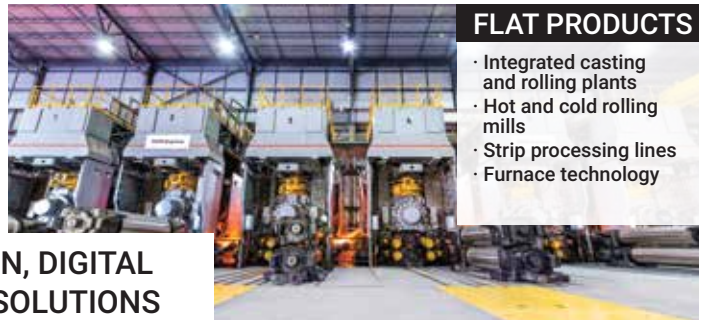

WE COVER THE LIFECYCLE OF PLANT AND EQUIPMENT WITH OUR PRODUCTS AND EXPERTISE

METALLURGY

- Agglomeration
- Iron and steel making
- EAF/BOF
- Casting
- Green steel
- Non-ferrous metals and alloys

FLAT PRODUCTS

- Integrated casting and rolling plants
- Hot and cold rolling mills
- Strip processing lines
- Furnace technology

AUTOMATION, DIGITAL & SERVICE SOLUTIONS

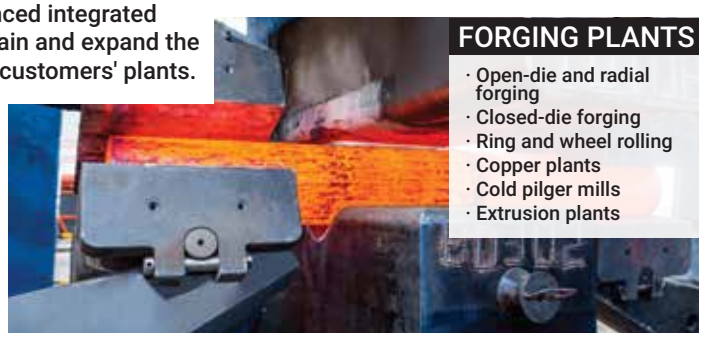

We create advanced integrated solutions that maintain and expand the performance of our customers' plants.

LONG PRODUCTS

- Section and billet mills
- Seamless tubes
- Bar and wire rod mills
- Reheating furnaces
- Heat treatment plants
- Casting Long

FORGING PLANTS

- Open-die and radial forging
- Closed-die forging
- Ring and wheel rolling
- Copper plants
- Cold pilger mills
- Extrusion plants

OUR PRODUCTS AND SOLUTIONS ARE SHAPING THE FUTURE OF THE METALS INDUSTRY

We deliver

- Feasibility studies
- Project management
- Design and engineering
- Manufacturing
- Site management
- Commissioning
- Finance

Delivering

Project Excellence

Solutions for greenfield and brownfield projects

We provide

- Process expertise
- Electrics
- Automation
- Digitalization
- Technical services
- Process optimization

Providing

Operational Intelligence

Smart, integrated services to ensure highest level of performance

WE ARE YOUR LEADING PARTNER IN INNOVATING THE METALS INDUSTRY

Innovation has been at the heart of the journey we started back in 1871

Innovations that have permanently shaped the metallurgical industry Our ground breaking CSP technology, enables cost-efficient manufacturing

Extensive research in the field of decarbonization With our #turningmetalsgreen mission, we lead the charge in providing low-emission and carbon-neutral technologies

Utilizing digitalization to make people and processes faster, better, and greener We leverage artificial intelligence to enhance industry competencies, resulting in a holistically networked production plant that predicts scenarios, learns from real events, and self-monitors using AI

5,052 granted patents

We are socially and environmentally responsible

#leadinginnovation

Sustainability is an integral part of our strategy in alignment with the UN Sustainable Development Goals.

Our goal

Social | Environmental | Governance

Diversity is at the heart of our company

At SMS group, diversity is a cornerstone of our culture and success.

"In our rapidly changing world, promoting diversity and inclusion is not a side project, but a core part of our strategy for growth and innovation."
