CORA by SCL: The Art of Durability and Design in One Solution

Divya Singh  
Director,  
SCL CORA uPVC Profile

In the ever-changing world of architecture and interior design, we at SCL are thrilled to present CORA— our reliable uPVC product that is more than just a building material. CORA effortlessly combines quality, durability, and style, making it the perfect choice for designers looking to create beautiful and functional spaces.

**What really sets CORA apart?** It is all about performance. Designed to withstand the diverse climates of India, CORA profiles offer exceptional thermal insulation and soundproofing. That means your spaces will be not only cozy but also incredibly quiet. Plus, they are fire-resistant, termite-resistant, and incredibly low-maintenance—ideal for everything from modern homes to classic interiors. With CORA, you can rest assured that your projects will not only look stunning but also stand the test of time.

One of the great advantages of working with SCL is our extensive network across India. With warehouses in major cities like Hyderabad, Patna, Guwahati, Bhubaneswar, Jaipur, Bhopal, Noida, Raipur, and Bengaluru, we ensure that CORA uPVC profiles are always readily available when you need them. This reliability keeps your projects moving smoothly, allowing you to focus on what you love—bring your creative ideas to life.

At the heart of CORA's quality lies our state-of-the-art extrusion plant in Sikandrabad, UP. Our facility is equipped with the latest technology and staffed by skilled professionals, all committed to upholding the highest manufacturing standards. Every CORA profile is meticulously crafted to meet strict specifications for strength and durability, so you can trust reliable products every time. Plus, our investment in advanced machinery not only boosts production efficiency but also promotes

sustainability by minimizing waste and energy use. Sustainability is more than just a trend for us; it is our core belief. As the world becomes more environmentally aware, CORA profiles are designed to be energy-efficient, helping to reduce the carbon footprint of your projects. By choosing CORA, you are not just creating beautiful spaces—you are also making a positive difference, showing your clients that you care about the environment.

As the demand for high-quality uPVC solutions grows, we are thrilled to support your projects with our dedication to excellence. We want to be your partner in this creative adventure, providing you with complete solutions that match your vision.

With CORA, you are invited to explore a world where innovation and craftsmanship come together. By partnering with SCL, you will be creating inspiring spaces that truly connect with your clients. We are excited to be a part of your journey, helping you transform ordinary spaces into extraordinary places that you and your clients will love for years to come.

In short, CORA is not just a product; it is a reliable choice for elevating your design projects. With its unmatched quality, performance, and commitment to sustainability, CORA is destined to become a staple in both interior and exterior design. So, go ahead and explore the lasting benefits of CORA and let your creativity take flight! Together, we can shape a future in design that is not only visually stunning but also deeply functional.
